**RESPONDENT'S REPLY TO U.S. EPA'S EXPEDITED RESPONSE REGARDING  
MOTION FOR EXTENSION OF TIME TO FILE ANSWER**

Respondent Allegan Metal Finishing Company ("AMFCO"), through its undersigned legal counsel of record, maintains its request for an indefinite extension for filing its Answer to the Complaint in this matter. As previously explained in its March 24, 2015 Motion for Extension of Time to File an Answer, the Company has been destroyed by the March 15, 2015 fire. AMFCO's current resources are being directed towards determining whether it can continue as a business, securing the property and undertaking emergency response measures, and making sure its customers and employees are able to recover from their losses as well. While not wanting to marginalize U.S. EPA's Complaint, the Company has for the immediate future more pressing matters than addressing U.S. EPA's alleged misfiling violations that present no environmental, health or safety threat or impact.

AMFCO also stands by the representation to this tribunal that U.S. EPA's counsel refused to concur in the relief sought or to stipulate to any extension during pre-filing discussions regarding the fire event (with which U.S. EPA Region 5 was already involved) and possible extension as a result of that catastrophic loss. U.S. EPA Assistant Regional Counsel refused to agree to any extension of time, not simply an indefinite extension of time when pressed by

counsel for AMFCO. U.S. EPA counsel simply did not offer any options for AMFCO to file a stipulated or unopposed motion for an extension, and so the pending Motion was unavoidable.

AMFCO renews its request to have a status conference on or about May 1, 2015 with the Regional Hearing Officer and U.S. EPA Regional Counsel to discuss AMFCO's status and evaluate further proceedings based upon the state of the Company's recovery from the destruction of its business at that time. This is generally consistent with U.S. EPA Regional Counsel's email to the undersigned this morning indicating U.S. EPA's Response would be "suggesting thirty days followed by a status and then if necessary to be extended another thirty days."

WHEREFORE, Respondent AMFCO respectfully moves the Hearing Officer to GRANT its Motion for Extension of Time to Answer Complaint and allow AMFCO's Answer to the Complaint to be filed with the Regional Hearing Clerk at a later date to be determined following a status conference on or about May 1, 2015, conduct a Formal Hearing on the U.S. EPA allegations pursuant to a scheduling order to be issued, together with such further and other relief as may be just and equitable under the circumstances.

Respectfully submitted,

Dated: March 27, 2015
