Re: Administrative Order regarding Cathedral Home for Children Public Water System,
PWS 5600880, Docket No. **SDWA-08-2018-0007**

Dear Ms. Hauser:

Enclosed is an Administrative Order (Order) issued by the U.S. Environmental Protection Agency under the authority of section 1414(g) of the Safe Drinking Water Act, 42 U.S.C. § 300g-3(g). Among other things, the Order alleges that the Cathedral Home for Children (Cathedral), as owner and/or operator of the Cathedral Home for Children Public Water System (System), has violated the National Primary Drinking Water Regulations at 40 C.F.R. part 141 (Drinking Water Regulations).

The Order is effective upon the date received. Please review the Order and within 10 days provide the EPA with any information Cathedral believes the EPA may not have (for example, monitoring that may have been done but not submitted). If the EPA does not hear from Cathedral, the EPA will assume the information in the Order is correct.

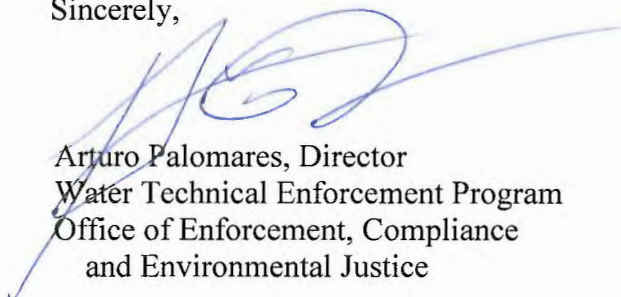

If Cathedral complies with the Order, the EPA may close the Order without further action. Failure to comply with the Order may lead to substantial civil penalties and/or a federal court injunction ordering compliance.

The Small Business Regulatory Enforcement and Fairness Act (SBREFA) may apply to this situation. Enclosed is a small business information sheet, outlining compliance assistance resources available to small businesses and small governments, in case these are relevant. SBREFA does not eliminate the responsibility to comply with the Order or the Drinking Water Regulations.

To submit information or to request an informal conference with the EPA, please contact Kathelene Brainich via email at brainich.kathelene@epa.gov or by phone at (800) 227-8917, extension 6481 or (303) 312-6481. Any questions from your attorney should be directed to Mia Bearley, Enforcement Attorney, who may be reached via email at bearley.mia@epa.gov, by phone at (800) 227-8917, extension 6554, or (303) 312-6554, or at the above address (with the mailcode 8ENF-L).

We urge your prompt attention to this matter.

Sincerely,

Arturo Palomares, Director
Water Technical Enforcement Program
Office of Enforcement, Compliance
and Environmental Justice

Respondent.)

Docket No. SDWA-08-2018-0007

FILED
EPA REGION VIII
HEARING CLERK

ADMINISTRATIVE ORDER

1. This Order is issued under the authority vested in the Administrator of the United States Environmental Protection Agency (EPA) by section 1414(g) of the Safe Drinking Water Act (Act), 42 U.S.C. § 300g-3(g), as properly delegated to the undersigned officials.

2. Cathedral Home for Children (Respondent) is a Wyoming corporation that owns and/or operates the Cathedral Home for Children Public Water System (System), which provides piped water to the public in Albany County, Wyoming, for human consumption.

3. The System is supplied by a groundwater source accessed via two wells and the water is treated with chlorination.

4. The System has approximately 9 service connections and/or regularly serves an average of approximately 275 of the same individuals daily for at least six months out of the year. Therefore, the System is a “public water system” as defined in section 1401(4) of the Act, 42 U.S.C. § 300f(4), and 40 C.F.R. § 141.2. The System is also a “non-transient, non-community” water system as defined in 40 C.F.R. § 141.2.

5. Respondent is subject to the Act and the National Primary Drinking Water Regulations (Drinking Water Regulations) at 40 C.F.R. part 141. The Drinking Water Regulations are “applicable requirements” as defined in section 1414(i) of the Act, 42 U.S.C. § 300g-3(i).

6. The Drinking Water Regulations include monitoring requirements. The EPA has sent Respondent annual notifications of the specific monitoring requirements that apply to the System.

VIOLATIONS

7. Respondent is required to report lead and copper analytical results to the EPA within the first 10 days following the end of the monitoring period to the EPA. 40 C.F.R. § 141.90. Respondent is required to deliver a consumer notice of individual tap monitoring results to the persons served at each sampled site within 30 days of receiving monitoring results. 40 C.F.R. § 141.85(d). Within 90 days following the end of each monitoring period, Respondent is required to submit to the EPA a sample copy of the consumer notification along with a certification that the notification has been distributed. 40 C.F.R. § 141.90(f)(3). Respondent did not report the System’s August 2017 lead and copper analytical results to the EPA until March 7, 2018, and the EPA has not received a sample copy or distribution certification of consumer notification of monitoring results and, therefore, violated these requirements.

8. Respondent is required to collect a set of total trihalomethane (TTHM) and haloacetic acid (HAA5) samples triennially and to submit monitoring results to the EPA within 10 days after the end of each monitoring period. 40 C.F.R. §§ 141.623(a)(b) and 141.629. Respondent failed to monitor the System's water for TTHM and HAA5 during 2015-2017 and, therefore, violated this requirement. Triennial reduced monitoring is revoked due to Respondent's failure to monitor and annual monitoring is now required starting in 2018. 40 C.F.R. § 141.621.

9. Respondent is required to report any failure to comply with any Drinking Water Regulation to the EPA within 48 hours, except where the Drinking Water Regulations specify a different time period. 40 C.F.R. § 141.31(b). Respondent failed to report the violations cited in paragraphs 7 and 8, above, to the EPA and, therefore, violated this requirement.

ORDER

Based on the above violations, Respondent is ordered to perform the following actions upon Respondent's receipt of this Order (unless a different deadline is specified below):

10. Within 30 days of receipt of this Order, Respondent shall deliver a consumer notice of the August 2017 individual tap monitoring results to the persons served at each sampled site and shall submit to the EPA a sample copy of the consumer notification along with a certification that the notification has been distributed. Following all future lead and copper monitoring at the System, Respondent shall: (a) report analytical results to the EPA within the first 10 days following the end of each monitoring period; (2) deliver a consumer notice of individual tap monitoring results to the persons served at each sampled site within 30 days of receiving monitoring results; and (c) submit to the EPA a sample copy of the consumer notification along with a certification that the notification has been distributed within 90 days following the end of each monitoring period, in accordance with 40 C.F.R. §§ 141.85(d) and 141.90.

11. Between September 1-30, 2018, and thereafter as directed by the EPA, Respondent shall monitor the System's water for TTHM and HAA5 in accordance with the System's TTHM and HAA5 monitoring plan, as required by 40 C.F.R. §§ 141.621-623. Respondent shall submit the sampling results to the EPA within 10 days following the end of the monitoring period, as specified by 40 C.F.R. § 141.629.

12. Respondent shall report any failure to comply with any Drinking Water Regulation to the EPA within 48 hours, except where the Drinking Water Regulations specify a different time period, as required by 40 C.F.R. § 141.31(b).

13. This Order shall be binding on Respondent, its successors and assigns, and any person (*e.g.*, employee, contractor or other agent) acting in concert with Respondent.

14. If Respondent contracts with or hires any other person or entity to operate the System, Respondent shall, no later than the date of such hire or contract, provide a copy of this Order to

the employee or contractor and notify the EPA in writing of the employee or contracted parties name and contact information. Respondent shall remain obligated to comply with this Order even if Respondent hires another person or entity to operate the System.

15. Respondent shall send all reporting and notifications required by this Order to the EPA via email at:

R8DWU@epa.gov and brainich.kathelene@epa.gov.

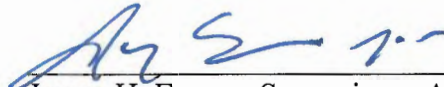

GENERAL PROVISIONS

16. This Order shall not constitute a waiver, suspension or modification of any requirement of the Act or the Drinking Water Regulations. Issuance of this Order is not an election by the EPA to forgo any civil or criminal action.

17. Violation of any part of this Order or the Drinking Water Regulations may subject Respondent to a civil penalty of up to \$55,907 (as adjusted for inflation) per day of violation and/or a court injunction ordering compliance. 42 U.S.C. § 300g-3; 40 C.F.R. part 19; 83 Fed. Reg. at 1193 (January 10, 2018).

18. Respondent may seek federal judicial review of this Order pursuant to section 1448(a) of the Act, 42 U.S.C. § 300j-7(a).

Issued: March 16, 2018.

U.S. EPA Small Business Resources Information Sheet

The United States Environmental Protection Agency provides an array of resources to help small businesses understand and comply with federal and state environmental laws. In addition to helping small businesses understand their environmental obligations and improve compliance, these resources will also help such businesses find cost-effective ways to comply through pollution prevention techniques and innovative technologies.

Office of Small and Disadvantaged Business Utilization (OSDBU)

www.epa.gov/aboutepa/about-office-small-and-disadvantaged-business-utilization-osdbu

EPA's OSDBU advocates and advances business, regulatory, and environmental compliance concerns of small and socio-economically disadvantaged businesses.

EPA's Asbestos Small Business Ombudsman (ASBO)

www.epa.gov/resources-small-businesses/asbestos-small-business-ombudsman or 1-800-368-5888

The EPA ASBO serves as a conduit for small businesses to access EPA and facilitates communications between the small business community and the Agency.

Small Business Environmental Assistance Program

<https://nationalsbeap.org>

This program provides a "one-stop shop" for small businesses and assistance providers seeking information on a wide range of environmental topics and state-specific environmental compliance assistance resources.

EPA's Compliance Assistance Homepage

www.epa.gov/compliance

This page is a gateway to industry and statute-specific environmental resources, from extensive web-based information to hotlines and compliance assistance specialists.

Compliance Assistance Centers

www.complianceassistance.net

EPA sponsored Compliance Assistance Centers provide information targeted to industries with many small businesses. They were developed in partnership with industry, universities and other federal and state agencies.

Toxic Substances Control Act (TSCA) Hotline

tsc hotline@epa.gov or 1-202-554-1404

Small Entity Compliance Guides

<https://www.epa.gov/reg-flex/small-entity-compliance-guides>

EPA publishes a Small Entity Compliance Guide (SECG) for every rule for which the Agency has prepared a final regulatory flexibility analysis, in accordance with Section 604 of the Regulatory Flexibility Act (RFA).

Regional Small Business Liaisons

www.epa.gov/resources-small-businesses/epa-regional-office-small-business-liaisons

The U.S. Environmental Protection Agency (EPA) Regional Small Business Liaison (RSBL) is the primary regional contact and often the expert on small business assistance, advocacy, and outreach. The RSBL is the regional voice for the EPA Asbestos and Small Business Ombudsman (ASBO).

State Resource Locators

www.envcap.org/statetools

The Locators provide state-specific contacts, regulations and resources covering the major environmental laws.

State Small Business Environmental Assistance Programs (SBEAPs)

<https://nationalsbeap.org/states/list>

State SBEAPs help small businesses and assistance providers understand environmental requirements and sustainable business practices through workshops, trainings and site visits.

EPA's Tribal Portal

www.epa.gov/tribalportal

The Portal helps users locate tribal-related information within EPA and other federal agencies.

EPA Compliance Incentives

EPA provides incentives for environmental compliance. By participating in compliance assistance programs or voluntarily disclosing and promptly correcting violations before an enforcement action has been initiated, businesses may be eligible for penalty waivers or reductions. EPA has two such policies that may apply to small businesses:

EPA's Small Business Compliance Policy

www.epa.gov/enforcement/small-businesses-and-enforcement

EPA's Audit Policy

www.epa.gov/compliance/epas-audit-policy

Commenting on Federal Enforcement Actions and Compliance Activities

The Small Business Regulatory Enforcement Fairness Act (SBREFA) established a SBREFA Ombudsman and 10 Regional Fairness Boards to receive comments from small businesses about federal agency enforcement actions. If you believe that you fall within the Small Business Administration's definition of a small business (based on your North American Industry Classification System designation, number of employees or annual receipts, as defined at 13 C.F.R. 121.201; in most cases, this means a business with 500 or fewer employees), and wish to comment on federal enforcement and compliance activities, call the SBREFA Ombudsman's toll-free number at 1-888-REG-FAIR (1-888-734-3247).

Every small business that is the subject of an enforcement or compliance action is entitled to comment on the Agency's actions without fear of retaliation. EPA employees are prohibited from using enforcement or any other means of retaliation against any member of the regulated community in response to comments made under SBREFA.

Your Duty to Comply

If you receive compliance assistance or submit a comment to the SBREFA Ombudsman or Regional Fairness Boards, you still have the duty to comply with the law, including providing timely responses to EPA information requests, administrative or civil complaints, other enforcement actions or communications. The assistance information and comment processes do not give you any new rights or defenses in any enforcement action. These processes also do not affect EPA's obligation to protect public health or the environment under any of the environmental statutes it enforces, including the right to take emergency remedial or emergency response actions when appropriate. Those decisions will be based on the facts in each situation. The SBREFA Ombudsman and Fairness Boards do not participate in resolving EPA's enforcement actions. Also, remember that to preserve your rights, you need to comply with all rules governing the enforcement process.

EPA is disseminating this information to you without making a determination that your business or organization is a small business as defined by Section 222 of the Small Business Regulatory Enforcement Fairness Act or related provisions.
