Hi Sonia:

Yes, I received two emails from you on Thursday evening in that approximate 7:30-7:46 p.m. time period. One email included your Q2 2022 tax payment invoice and the other email included some typed responses on the EPA's ATP form.

I am in the process of reviewing your typed ATP form responses and will respond with some comments hopefully later today.

I know that you are working hard to complete your responses and I appreciate your efforts.

You have a good weekend too and I hope you are feeling better. Please look for my more substantive response later today.

Thank you.

Rick

Hi Sonia:

Thank you for your response.

I just sent you a GoAnywhere file request email where you can upload documents. If you want to experiment with it, try to send me a couple of documents and we will see if you can make it work on your end and I get them.

If this GoAnywhere system doesn't work or it is just too complicated, I am always OK with multiple emails with your attachments so be patient as we can make it work one way or the other.

Thanks again for your cooperation. We appreciate your efforts.

Hello Sonia:

I hope this Tuesday email finds all things going OK for you and that you had a safe and restful weekend.

Per our call last Friday, July 15, you seemed to have had the energy and intentions (my perception) on Friday to continue your efforts to submit responses and supporting documentation as part of Chill's overall responses to the official EPA Ability-To-Pay (ATP) claim form, including your intention to submit photographs of your written responses.

I have not received any emails or more documentation since our Friday call, thus this inquiry on what up.

I was just checking in to see how that process was going and when EPA might expect the additional Chill submissions including the photographed responses.

Thank you for any response to this email. If you need any help in making your submissions, please let me know and I will do what I can to assist and make that process easier.

For example, I have the ability to send you a GoAnywhere file transfer email where you might be able to upload all of the photographs at one time as means to avoid multiple emails with singular attachments. Let me know if you want to attempt to use the GoAnywhere option and I can send you that email for your trial run.

Best regards,
