Re: Administrative Order issued to Evans Land and Cattle Co., Inc., owner of Evans Mobile Home Court Public Water System, PWS ID # WY5600215, Docket No. **SDWA-08-2014-0014**

Dear Teton Corporate Services, Inc.:

Enclosed is an Administrative Order (Order) issued by the United States Environmental Protection Agency (EPA) under the authority of section 1414(g) of the Safe Drinking Water Act, 42 U.S.C. § 300g-3(g). Among other things, the Order alleges that Evans Land and Cattle Co., Inc. (Company), as owner and/or operator of the Evans Mobile Home Court Public Water System (System), has violated the National Primary Drinking Water Regulations (Drinking Water Regulations) at 40 C.F.R. part 141.

The Order is effective upon the date received. Please review the Order and within 10 days provide the EPA with any pertinent information you believe the EPA may not have.

If the Company complies with the Order, the EPA may close the Order without further action. Failure to comply with the Order may lead to substantial civil penalties and/or a federal court injunction ordering compliance.

The Small Business Regulatory Enforcement and Fairness Act (SBREFA) may apply to this situation. Enclosed is a small business information sheet, outlining compliance assistance resources available to small businesses and small governments, in case these are relevant. SBREFA does not eliminate the responsibility to comply with the Order or the Drinking Water Regulations.

To submit information or to request an informal conference with the EPA, please contact Jill Minter at the above address (with the mailcode 8ENF-W) or by phone at (800) 227-8917, extension 6084, or (303) 312-6084. Any questions from the Company's attorney should be directed to Mia Bearley, Enforcement

Attorney, who may be reached at the above address (with the mailcode 8ENF-L) or by phone at (800) 227-8917, extension 6554, or (303) 312-6554.

We urge your prompt attention to this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Arturo Palomares', is written over the typed name and title.

Re: Notice of Safe Drinking Water Act Enforcement Action against Evans Land and Cattle Co., Inc., owner of Evans Mobile Home Court Public Water System, PWS ID # WY5600215

Dear Commissioners:

The Safe Drinking Water Act (Act) requires that the U.S. Environmental Protection Agency (EPA) notify locally elected officials of certain enforcement actions taken in their area.

An Administrative Order (Order) is being issued to Evans Land and Cattle Co., Inc., which owns the Evans Mobile Home Court Public Water System, located in Teton County, WY, directing it to comply with the National Primary Drinking Water Regulations. The violations alleged in the Order include exceeding the maximum contaminant level for total coliform bacteria and failing to report certain violations to the EPA.

For more details, a copy of the Order is enclosed. **The Order does not require any response or action by the County Commission.** If you have any questions regarding this Order, please contact Jill Minter at (303) 312-6084.

Sincerely,

Arturo Palomares, Director  
Water Technical Enforcement Program  
Office of Enforcement, Compliance  
and Environmental Justice

Enclosure:

Administrative Order

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
REGION 8

2014 APR 30 AM 8:46

IN THE MATTER OF: )

Evans Land and Cattle Co., Inc. )

Respondent. )

Docket No. **SDWA-08-2014-0014**

**ADMINISTRATIVE ORDER**

1. This Order is issued under the authority vested in the Administrator of the United States Environmental Protection Agency (EPA) by section 1414(g) of the Safe Drinking Water Act (Act), 42 U.S.C. § 300g-3(g), as properly delegated to the undersigned officials.
2. Evans Land and Cattle Co., Inc., (Respondent) is a Wyoming corporation that owns and/or operates the Evans Mobile Home Court Public Water System (System), which provides piped water to the public in Teton County, Wyoming, for human consumption.
3. The System is supplied by a groundwater source consisting of three wells. The System's water is not treated to at least a 4-log, 99.99% removal of viruses.
4. The System has approximately 72 service connections and regularly serves an average of approximately 150 year-round residents. Therefore, the System is a "public water system" and a "community water system" as defined in 40 C.F.R. § 141.2 and section 1401 of the Act, 42 U.S.C. § 300f.
5. Respondent is subject to the Act and the National Primary Drinking Water Regulations (Drinking Water Regulations) at 40 C.F.R. part 141. The Drinking Water Regulations are "applicable requirements" as defined in section 1414(i) of the Act, 42 U.S.C. § 300g-3(i).
6. The Drinking Water Regulations include monitoring requirements. The EPA has sent Respondent annual notifications of the specific monitoring requirements that apply to the System.

**VIOLATIONS**

7. If two or more samples collected in any month from the System's water are positive for total coliform, then the System has not complied with the maximum contaminant level (MCL) for total coliform bacteria. 40 C.F.R. § 141.63(a)(2). During each of the months of May 2013 and September 2013, two or more samples from the System were positive for total coliform, and, therefore, Respondent violated this requirement.
8. Respondent is required to report any coliform MCL violation to the EPA no later than the end of the next business day after learning of it. 40 C.F.R. § 141.21(g)(1). Respondent did not notify the EPA of the MCL violations cited in paragraph 7, above, and, therefore, violated this requirement.

## ORDER

Based on the above violations, Respondent is ordered to perform the following actions upon Respondent's receipt of this Order (unless a different deadline is specified below):

9. If Respondent's total coliform sample results exceed the MCL while this Order is in effect, Respondent shall, within 30 days after learning of this violation, submit to the EPA a proposed plan and schedule to bring the System into compliance with the total coliform MCL as identified in 40 C.F.R. § 141.63. The plan shall include proposed modifications to the System and estimated costs of such modifications. The schedule shall include a project start date, interim milestone deadlines, and a final compliance deadline (which shall be within six months of the project start date). The Respondent shall not begin construction or modifications to the System before the EPA has approved Respondent's compliance schedule. The EPA's approval of Respondent's schedule does not substitute for any State of Wyoming approvals of plans and specifications that may also be required before any modifications may be made to the System.
10. The schedule required by paragraph 9, above, shall be incorporated into this Order as an enforceable requirement upon written approval by the EPA.
11. Within 90 days after receipt of the EPA's approval of the schedule required by paragraph 9, above, Respondent shall provide the EPA with quarterly reports on the progress made toward bringing the System into compliance with the total coliform MCL. Each quarterly report is due by the 10<sup>th</sup> day of the month following the relevant quarter.
12. Within 10 days after completing all tasks included in the schedule required by paragraph 9, above, Respondent shall notify the EPA of the project's completion.
13. The System shall achieve compliance with the total coliform MCL by the final compliance deadline specified in the EPA-approved schedule. If the Respondent's plan fails to achieve permanent compliance, the EPA may order further steps and/or seek penalties for noncompliance.
14. If the System's water does not comply with the total coliform MCL in 40 C.F.R. § 141.63, Respondent shall report this violation to the EPA by the end of the next business day after learning of the violation, as required by 40 C.F.R. § 141.21(g)(1).
15. Within 24 hours of being notified that a routine total coliform monitoring result is positive for total coliform, Respondent is required to conduct source water monitoring as required by 40 C.F.R. § 141.402. This requirement is unrelated to the violations cited in this Order and is mentioned as a reminder to Respondent.

16. This Order shall be binding on Respondent, its successors and assigns, and any person (e.g., employee, contractor, or other agent) acting in concert with Respondent.

17. If Respondent (a) leases or sells the System to another person or entity, or (b) contracts with or hires any other person or entity to operate the System, Respondent shall, no later than the date of such lease, sale, or other contract, provide a copy of this Order to the lessee, purchaser, or contractor. No later than 10 days thereafter, Respondent shall notify the EPA in writing of the lease, sale, or other contract, with such notification to include the name and contact information of the person who has leased, bought, or contracted to operate the System. Respondent shall remain obligated to comply with this Order even if Respondent leases the System to another person or entity or hires another person or entity to operate the System.

18. Respondent shall send all reporting and notifications required by this Order in writing to:

U.S. EPA Region 8 (8P-W-DW)  
1595 Wynkoop  
Denver, Colorado 80202-1129

**GENERAL PROVISIONS**

19. This Order shall not constitute a waiver, suspension, or modification of any requirement of the Act or the Drinking Water Regulations. Issuance of this Order is not an election by the EPA to forgo any civil or criminal action.

20. Violation of any part of this Order or the Drinking Water Regulations may subject Respondent to a civil penalty of up to \$37,500 (as adjusted for inflation) per day of violation. 42 U.S.C. § 300g-3; 40 C.F.R. part 19.

21. Respondent may seek federal judicial review of this Order pursuant to section 1448(a) of the Safe Drinking Water Act, 42 U.S.C. § 300j-7(a).

22. This Order is effective upon receipt by Respondent and will continue to be in effect until closed by the EPA.

Issued: April 30, 2014

## U.S. EPA Small Business Resources Information Sheet

The United States Environmental Protection Agency provides an array of resources, including workshops, training sessions, hotlines, websites and guides, to help small businesses understand and comply with federal and state environmental laws. In addition to helping small businesses understand their environmental obligations and improve compliance, these resources will also help such businesses find cost-effective ways to comply through pollution prevention techniques and innovative technologies.

## **State and Tribal Web-Based Resources**

### **State Resource Locators**

[www.envcap.org/statetools](http://www.envcap.org/statetools)

The Locators provide state-specific contacts, regulations and resources covering the major environmental laws.

### **State Small Business Environmental Assistance Programs (SBEAPs)**

[www.smallbiz-enviroweb.org](http://www.smallbiz-enviroweb.org)

State SBEAPs help small businesses and assistance providers understand environmental requirements and sustainable business practices through workshops, trainings and site visits. The website is a central point for sharing resources between EPA and states.

### **EPA's Tribal Compliance Assistance Center**

[www.epa.gov/tribalcompliance/index.html](http://www.epa.gov/tribalcompliance/index.html)

The Center provides material to Tribes on environmental stewardship and regulations that might apply to tribal government operations.

### **EPA's Tribal Portal**

[www.epa.gov/tribalportal/](http://www.epa.gov/tribalportal/)

The Portal helps users locate tribal-related information within EPA and other federal agencies.

### **EPA Compliance Incentives**

EPA provides incentives for environmental compliance. By participating in compliance assistance programs or voluntarily disclosing and promptly correcting violations before an enforcement action has been initiated, businesses may be eligible for penalty waivers or reductions. EPA has two such policies that may apply to small businesses:

#### **EPA's Small Business Compliance Policy**

[www.epa.gov/compliance/incentives/smallbusiness/index.html](http://www.epa.gov/compliance/incentives/smallbusiness/index.html)

This Policy offers small businesses special incentives to come into compliance voluntarily.

#### **EPA's Audit Policy**

[www.epa.gov/compliance/incentives/auditing/auditpolicy.html](http://www.epa.gov/compliance/incentives/auditing/auditpolicy.html)

The Policy provides incentives to all businesses that voluntarily discover, promptly disclose and expeditiously correct their noncompliance.

### **Commenting on Federal Enforcement Actions and Compliance Activities**

The Small Business Regulatory Enforcement Fairness Act (SBREFA) established a SBREFA Ombudsman and 10 Regional Fairness Boards to receive comments from small businesses about federal agency enforcement actions. If you believe that you fall within the Small Business Administration's definition of a small business (based on your North American Industry Classification System designation, number of employees or annual receipts, as defined at 13 C.F.R. 121.201; in most cases, this means a business with 500 or fewer employees), and wish to comment on federal enforcement and compliance activities, call the SBREFA Ombudsman's toll-free number at 1-888-REG-FAIR (1-888-734-3247), or go to their website at [www.sba.gov/ombudsman](http://www.sba.gov/ombudsman).

Every small business that is the subject of an enforcement or compliance action is entitled to comment on the Agency's actions without fear of retaliation. EPA employees are prohibited from using enforcement or any other means of retaliation against any member of the regulated community in response to comments made under SBREFA.

### **Your Duty to Comply**

If you receive compliance assistance or submit a comment to the SBREFA Ombudsman or Regional Fairness Boards, you still have the duty to comply with the law, including providing timely responses to EPA information requests, administrative or civil complaints, other enforcement actions or communications. The assistance information and comment processes do not give you any new rights or defenses in any enforcement action. These processes also do not affect EPA's obligation to protect public health or the environment under any of the environmental statutes it enforces, including the right to take emergency remedial or emergency response actions when appropriate. Those decisions will be based on the facts in each situation. The SBREFA Ombudsman and Fairness Boards do not participate in resolving EPA's enforcement actions. Also, remember that to preserve your rights, you need to comply with all rules governing the enforcement process.

*EPA is disseminating this information to you without making a determination that your business or organization is a small business as defined by Section 222 of the Small Business Regulatory Enforcement Fairness Act or related provisions.*
