HEARINGS CLERK
EPA -- REGION 10

MOTION TO CHANGE DOCUMENT REQUIREMENT TIME

Comes now respondent David D'Amato and requests that the court change its document acceptance time to reflect a postmarked date rather than a specific date for the following reasons.

1. Respondent lives in Alaska and is mailing to Wash DC and Seattle.
2. Shipping times to these locations varies based on a variety of factors outside of Respondents control.
3. Changing the date of documents received to the date that documents are mailed would not prejudice the court or the EPA.
