Turbocharged Performance, LLC)	Docket No. CAA-07-2023-0018
Sibley, Iowa)	
)	
<u>Respondent.</u>)	

CONSENT AGREEMENT AND FINAL ORDER

Preliminary Statement

The U.S. Environmental Protection Agency, Region 7 (EPA or Complainant) and Turbocharged Performance, LLC (Respondent), have agreed to a settlement of this action before filing of a complaint, and thus this action is simultaneously commenced and concluded under Sections 22.1(a)(2), 22.13(b), and 22.18(b)(2) and (3) of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits, as codified at 40 C.F.R. Part 22.

Jurisdiction

1. This proceeding is an administrative action for the assessment of civil penalties instituted pursuant to Section 205(c) of the CAA, 42 U.S.C. § 7524(c). Pursuant to Section 205(c)(1) of the CAA, 42 U.S.C. § 7524(c)(1), EPA may administratively assess a penalty for violations of Section 203(a) of the CAA, 42 U.S.C. § 7522(a), that occurred after November 2, 2015, where the penalty is assessed on or after January 12, 2022, if the penalty sought is less than \$414,364. CAA § 205(c)(1), 42 U.S.C. § 7524(c)(1); 40 C.F.R. § 19.4.

2. This Consent Agreement and Final Order serves as notice that EPA has reason to believe that Respondent has violated Section 203 of the CAA, 42 U.S.C. § 7522, and the regulations promulgated thereunder. Furthermore, this Consent Agreement and Final Order serves as notice pursuant to Section 205(c)(1) of the CAA, 42 U.S.C. § 7524(c)(1), of the EPA's intent to issue an order assessing penalties for these violations.

Parties

3. Complainant is the Chief of the Air Branch, Enforcement and Compliance Assurance Division, Region 7, as duly delegated by the Administrator of EPA.

4. Respondent is Turbocharged Performance, LLC, a limited liability company organized under the laws of the State of Iowa.

Statutory and Regulatory Background

5. Title II of the CAA, 42 U.S.C. §§ 7521-7554, was enacted to reduce air pollution from mobile sources. In enacting the CAA, Congress found, in part, that “the increasing use of motor vehicles...has resulted in mounting dangers to the public health and welfare.” CAA § 101(a)(2), 42 U.S.C. § 7401(a)(2).

6. Section 216(a) of the CAA, 42 U.S.C. § 7550(2), defines the term “motor vehicle” as “any self-propelled vehicle designed for transporting persons or property on a street or highway.” *See also* 40 C.F.R. § 85.1703 (further defining “motor vehicle.”) These definitions are based on vehicle attributes (e.g., ability to travel over 25 miles per hour, lack of features that render street use unsafe) and make no exemption for vehicles based on their use (e.g., claim that a vehicle is used solely for competition).

7. EPA promulgated emission standards for particulate matter (PM), nitrogen oxides (NO_x), hydrocarbons (HC), carbon monoxide (CO), and other pollutants emitted by motor vehicles and motor vehicle engines, including Heavy Duty Diesel Engine (HDDE) trucks, under Section 202 of the CAA, 42 U.S.C. § 7521. *See generally* 40 C.F.R. Part 86. HDDE standards “reflect the greatest degree of emission reduction achievable through the application of [available] technology.” CAA § 202(a)(3)(A)(i), 42 U.S.C. § 7521(a)(3)(A)(i).

8. To meet the emissions standards in 40 C.F.R. Part 86, HDDE manufacturers employ many devices and elements of design. The regulation at 40 C.F.R. § 86.094-2 defines the term “element of design” as “any control system (*i.e.*, computer software, electronic control system, emission control system, computer logic), and/or control system calibrations, and/or the results of systems interaction, and/or hardware items on a motor vehicle or motor vehicle engine.”

9. One element of design that HDDE manufacturers employ is retarded fuel injection timing as a primary emission control device for NO_x emissions. Common emission control devices HDDE manufacturers use include diesel particulate filters (DPFs), exhaust gas recirculation (EGR) systems, selective catalyst reduction (SCR) systems, and/or diesel oxidation catalysts (DOCs). Additionally, modern HDDEs are equipped with electronic control modules (ECMs), which continuously monitor engine and other operating parameters and control the vehicle’s emission control devices.

10. EPA promulgated regulations for motor vehicles manufactured after 2007 that require HDDE trucks to have onboard diagnostic systems to detect various emission control device parameters and vehicle operations. *See* Section 202(m) of the CAA, 42 U.S.C. § 7521(m), and 40 C.F.R. §§ 86.010-18(o), 86.1806-05(n).

11. Section 203(a)(3)(B) of the CAA, 42 U.S.C. § 7522(a)(3)(B), and 40 C.F.R. § 1068.101(b)(2) prohibit any person from manufacturing or selling, or offering to sell, or installing, any part or component intended for use with, or as part of, any motor vehicle or motor vehicle engine, where a principal effect of the part or component is to bypass, defeat, or render inoperative any device or element of design installed on or in a motor vehicle or motor vehicle engine in compliance with regulations under Title II of the CAA, and where the person knows or should know that such part or component is being offered for sale or installed for such use or put to such use.

12. Section 302(e) of the CAA, 42 U.S.C. § 7602(e), defines the term “person” as “including an individual, corporation, partnership, association, State, municipality, political subdivision of a State, and any agency, department, or instrumentality of the United States and any officer, agency, or employee thereof.”

13. Section 205(a) of the CAA, 42 U.S.C. § 7524(a), states that any person other than a manufacturer or dealer who violates Sections 203(a)(3)(B) of the CAA shall be subject to a civil penalty of not more than \$2,500 with respect to each part or component. The Debt Collection Improvement Act of 1996, 31 U.S.C. § 3701, as amended, and the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, 28 U.S.C. § 2461, and implementing regulations at 40 C.F.R. Part 19, increased these statutory maximum penalties to \$5,179 for violations that occur after November 2, 2015, and are assessed after January 12, 2022.

14. Pursuant to Section 205(c)(1) of the CAA, 42 U.S.C. § 7524(c)(1), EPA may compromise, or remit, with or without conditions, any administrative penalty which may be imposed under this section.

Factual Allegations

15. Respondent operates an automotive repair facility on 1485 Pinnacle Avenue in Sibley, Iowa, that specializes in automotive diesel repair and performance upgrades.

16. Respondent is a “person” as defined in Section 302(e) of the CAA, 42 U.S.C. § 7602(e).

17. On February 11, 2021, EPA sent a Request for Information to Respondent pursuant to Section 208 of the CAA, 42 U.S.C. § 7542, to evaluate Respondent’s compliance with Title II of the CAA and the regulations promulgated thereunder.

18. On May 3, 2021, Respondent provided a response to EPA’s Request for Information. In its response, Respondent provided information related to the sale or installation of at least 581 products, as set forth below.

Alleged Violations

19. Complainant hereby states and alleges that Respondent has violated the CAA and federal regulations promulgated thereunder as follows:

Counts 1-581

20. Paragraphs 15 through 18 are incorporated by reference as if fully set forth herein.

21. Section 203(a)(3)(B) of the CAA, 42 U.S.C. § 7522(a)(3)(B), and 40 C.F.R. § 1068.101(b)(2), prohibits any person from manufacturing or selling, or offering to sell, or install, any part or component intended for use with, or as part of, any motor vehicle or motor vehicle engine, where a principal effect of the part or component is to bypass, defeat, or render inoperative any device or element of design installed on or in a motor vehicle or motor vehicle engine in compliance with regulations under Title II of the CAA, and where the person knows or should know that such part or component is being offered for sale or installed for such use or put to such use.

22. Between January 1, 2019, and February 11, 2021, Respondent sold and/or installed at least 581 parts or components on motor vehicles or motor vehicle engines, as specified in Paragraph 18 above, where the principal effect of the part or component is to bypass, defeat, or render inoperative elements of design of those engines.

23. Respondent knew or should have known that the parts or components it offered for sale or installed would bypass, defeat, or render inoperative elements of design on those engines.

24. By selling and/or installing at least 581 parts or components on motor vehicles or motor vehicle engines where the principal effect of the part or component is to bypass, defeat, or render inoperative elements of design of those engines when it knew or should have known that the parts or components it offered for sale or installed was to bypass, defeat, or render inoperative elements of design on those engines, Respondent is in violation of Section 203(a)(3)(B) of the CAA, 42 U.S.C. § 7522(a)(3)(B), and 40 C.F.R. § 1068.101(b)(2).

CONSENT AGREEMENT

25. Respondent consents to the issuance of this Consent Agreement and Final Order. In addition, for the purpose of this proceeding, as required by 40 C.F.R. § 22.18(b)(2), Respondent:

- (a) admits the jurisdictional allegations set forth herein;
- (b) neither admits nor denies the specific factual allegations and alleged violations stated herein;
- (c) consents to the assessment of a civil penalty, as stated herein;
- (d) consents to the issuance of any specified compliance or corrective action order;
- (e) consents to any conditions specified herein;
- (f) consents to any stated Permit Action;
- (g) waives any right to contest the allegations set forth herein; and
- (h) waives its rights to appeal the Final Order accompanying this Consent Agreement.

26. For the purposes of this proceeding, Respondent:

- (a) agrees that this Consent Agreement states a claim upon which relief may be granted against Respondent;
- (b) acknowledges that this Consent Agreement constitutes an enforcement action for purposes of considering Respondent's compliance history in any subsequent enforcement actions;
- (c) waives any right of judicial review under Section 307(b)(1) of the Clean Air Act, 42 U.S.C. § 7607(b)(1);

- (d) consents to personal jurisdiction in any action to enforce this Consent Agreement or Final Order, or both, in the United States District Court; and
- (e) waives any rights it may possess at law or in equity to challenge the authority of the EPA to bring a civil action in the United States District Court to compel compliance with the Agreement or Order, or both, and to seek an additional penalty for such noncompliance, and agrees that federal law shall govern in any such civil action.

27. Respondent and EPA agree to conciliate this matter without the necessity of a formal hearing and to bear their respective costs and attorneys' fees.

Penalty Payment

28. EPA has considered the appropriateness of the penalty pursuant to Section 205(c)(2) of the CAA, 42 U.S.C. § 7524(c)(2), and the January 21, 2021 Clean Air Act Title II Vehicle & Engine Civil Penalty Policy, and has determined that, based on substantiated ability to pay information, the appropriate penalty for the alleged violations is \$30,000.

29. Respondent shall pay the penalty within thirty (30) days of the effective date of the Final Order. Such payment shall identify Respondent by name and docket number and shall be by certified or cashier's check made payable to the "United States Treasury" and sent to:

U.S. Environmental Protection Agency, Region 7
Fines and Penalties
Cincinnati Finance Center
P.O. Box 979077
St. Louis, Missouri 63197-9000,

or by alternate payment method described at <http://www.epa.gov/financial/makepayment>.

30. A copy of the check or other information confirming payment shall simultaneously be sent to:

Regional Hearing Clerk
R7_Hearing_Clerk_Filings@epa.gov; and

Kasey Barton
Office of Regional Counsel
barton.kasey@epa.gov.

31. This civil penalty is not deductible for federal tax purposes. See 28 U.S.C. § 162(f).

32. For purposes of the identification requirement in Section 162(f)(2)(A)(ii) of the Internal Revenue Service Code, 26 U.S.C. § 162(f)(2)(A)(ii), and 26 C.F.R. § 162-21(b)(2), performance of Paragraphs 34 and 35 is restitution, remediation, or required to come into compliance with the law.

33. Respondent understands that its failure to timely pay any portion of the civil penalty may result in the commencement of a civil action in Federal District Court to recover the full remaining balance, along with penalties and accumulated interest. In such case, interest shall begin to accrue on a civil or stipulated penalty from the date of delinquency until such civil or stipulated penalty any accrued interest are paid in full. 31 C.F.R. § 901.9(b)(1). Interest will be assessed at a rate of the United States Treasury Tax and loan rates in accordance with 26 U.S.C. § 6621(a)(2). In addition to that amount and interest, Respondent will be required to pay the United States' enforcement expenses, and the United States will charge a quarterly nonpayment penalty of 10 percent of the amount of the outstanding and nonpayment penalties, pursuant to Section 205(c)(6) of the CAA, 42 U.S.C. § 7542(c)(6).

Conditions

34. As conditions of settlement and in compromise of the administrative penalty that EPA could otherwise impose herein, Respondent agrees to the following:

- a. By signing this Consent Agreement, the undersigned representative of Respondent certifies that from the date of Respondent's signature: (i) it will not remove or render inoperative any emissions-related device or element of design installed on or in a motor vehicle or motor vehicle engine in violation of Section 203(a)(3)(A) of the CAA, 42 U.S.C. § 7522(a)(3)(A); and (ii) it will not manufacture, sell, offer for sale, or install any part or component, including those described in Paragraph 18, in violation of Section 203(a)(3)(B) of the CAA, 42, U.S.C. § 7522(a)(3)(B). Respondent acknowledges that it is aware of EPA's November 23, 2020 "Tampering Policy: The EPA Enforcement Policy on Vehicle and Engine Tampering and Aftermarket Defeat Devices under the Clean Air Act."
- b. By no later than the effective date of this Consent Agreement and Final Order, Respondent shall no longer provide technical support, maintenance, repair, or information pertaining to aftermarket defeat devices, including but not limited to those products listed in Paragraph 18, where a principal effect of the device is to bypass, defeat, or render inoperative any emission-related device or element of design installed on or in a motor vehicle or motor vehicle engine, and will not remove or render inoperative any emissions-related device or element of design installed on or in a motor vehicle or motor vehicle engine, installed on vehicles brought to the Facility.

- c. Within 30 days of the effective date of this Consent Agreement and Final Order, Respondent will permanently destroy any defeat device remaining in its inventory and/or possession, including but not limited to tuners, by compacting or crushing the defeat devices and all of the associated parts and components to render them useless. Respondent must submit videographic and photographic evidence in accordance with Paragraph 35.
- d. Within 30 days of the effective date of this Consent Agreement and Final Order, Respondent will remove any advertisements regarding sales or installation of defeat devices from its website, Facebook, and any other social media accounts.

35. Respondent must submit notice that it has complied with Paragraph 34 via e-mail to EPA Compliance Officer Avery Bowers at *bowers.avery@epa.gov* within six months after the effective date of this Consent Agreement and Final Order.

36. In the notice that Respondent submits as provided by Paragraph 35 of this Consent Agreement and Final Order, it must certify that the notice is true and complete by including the following statement signed by one of its officers:

I certify that I am familiar with the information in this document and that, based on my inquiry of those individuals responsible for obtaining the information, it is true and complete to the best of my knowledge. I know that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations.

Effect of Settlement and Reservation of Rights

37. Full payment of the penalty proposed and performance of the conditions in this Consent Agreement shall only resolve Respondent's liability for federal civil penalties for the violations alleged herein. Complainant reserves the right to take any enforcement action with respect to any other violations of the CAA or any other applicable law.

38. The effect of settlement described in the immediately preceding paragraph is conditioned upon the accuracy of Respondent's representations to EPA, as memorialized in the paragraph directly below.

39. Respondent certifies by the signing of this Consent Agreement that it is in compliance with all requirements of the CAA and its implementing regulations.

40. Full payment of the penalty proposed and performance of the conditions in this Consent Agreement shall not in any case affect the right of the Agency or the United States to pursue appropriate injunctive relief or other equitable relief or criminal sanctions for any violations of law. This Consent Agreement and Final Order does not waive, extinguish or otherwise affect Respondent's obligation to comply with all applicable provisions of the CAA and regulations promulgated thereunder.

41. Complainant reserves the right to enforce the terms and conditions of this Consent Agreement and Final Order.

42. This Consent Agreement and Final Order constitutes an “enforcement response” as that term is used in EPA’s Clean Air Act Mobile Source Civil Penalty Policy to determine Respondent’s “history of compliance” under Section 205 of the CAA, 42 U.S.C. § 7524.

General Provisions

43. The parties consent to service of this Consent Agreement and Final Order electronically at the following e-mail addresses: *barton.kasey@epa.gov* (for Complainant) and *kyle@beall.law* (for Respondent). Respondent understands that the CAFO will become publicly available upon filing.

44. By signing this Consent Agreement, the undersigned representative of Respondent certifies that he or she is fully authorized to enter the terms and conditions of this Consent Agreement and to legally bind Respondent to it.

45. This Consent Agreement shall apply to and be binding upon Respondent and Respondent’s agents, successors, and/or assigns. Respondent shall ensure that all contractors, employees, consultants, or other persons or entities acting for Respondent with respect to matters included herein comply with the terms of this Consent Agreement.

46. This Consent Agreement shall not dispose of the proceeding without a final order from the Regional Judicial Officer or Regional Administrator ratifying the terms of this Consent Agreement. This Consent Agreement and Final Order shall be effective upon the filing of the Final Order by the Regional Hearing Clerk for EPA, Region 7. Unless otherwise stated, all time periods stated herein shall be calculated in calendar days from such date.
