CONSENT AGREEMENT AND FINAL ORDER

The Director of the Compliance Assurance and Enforcement Division of the United States Environmental Protection Agency ("EPA"), Region 6 ("Complainant") and Holly Refining & Marketing -- Tulsa LLC ("Respondent") in the above-referenced proceeding, hereby agree to resolve this matter through the issuance of this Consent Agreement and Final Order ("CAFO").

I. PRELIMINARY STATEMENT

1. This proceeding for the assessment of civil penalties is brought by EPA pursuant to sections 113(a)(3) and 113(d)(1)(B) of the Clean Air Act, as amended ("Act" or "CAA"), 42 U.S.C. §§ 7413(a)(3) and 7413(d)(1)(B), and is simultaneously commenced and concluded through the issuance of this CAFO pursuant to 40 C.F.R. §§ 22.13(b)(2) and (3), and 22.34.

2. For purposes of this proceeding, Respondent admits the jurisdictional allegations contained herein; however Respondent neither admits nor denies the specific allegations contained in this CAFO except as otherwise stated.

3. Respondent explicitly waives any right to contest the allegations and its right to appeal the proposed Final Order set forth herein, and waives all defenses which have been raised or could have been raised to the claims set forth in this CAFO.

4. Compliance with all the terms and conditions of this CAFO shall resolve only those violations which are set forth herein.

5. Respondent consents to the issuance of this CAFO and to the assessment and payment of the stated civil penalty in the amount and by the method set forth in this CAFO.

II. COMPLAINANT'S ALLEGATIONS AND RESPONDENT'S ANSWER

6. Respondent is a Delaware limited liability company authorized to do business in the State of Oklahoma.

7. Respondent owns and operates a crude oil (primarily sweet) processing plant with a capacity of 70,000 barrels per day, located at 902 W. 25th Street, Tulsa, Tulsa County, Oklahoma ("Facility").

8. The Respondent processes produces, processes, handles, or stores substances encompassed in CAA section 112(r)(3), including, among other chemicals, the listed substances of ethane, hydrogen, butane, methane, propane, and isobutene.

9. On August 2, 2012, the Facility experienced an accidental release into the ambient air of Regulated Substances, including, but not limited to, Sulfur Dioxide (SO₂), Hydrogen Sulfide (H₂S), and Nitrogen Oxide (NO_x) due to a combination of a diesel/hydrogen material and a diesel/hydrogen effluent stream.

10. Pursuant to section 112(r)(1) of the CAA, 42 U.S.C. § 7412(r)(1), an owner/operator of a stationary source producing, processing, handling or storing

substances listed pursuant to section 112(r)(3) of the CAA, 42 U.S.C. § 7412(r)(3), or any other extremely hazardous substance, has a general duty to: (1) identify hazards which may result from accidental releases of such substances using appropriate hazard assessment techniques; (2) design and maintain a safe facility, taking such steps as are necessary to prevent releases; and (3) minimize the consequences of accidental releases that do occur.

11. Respondent is a "person" as that term is defined by section 302(e) of the CAA, 42 U.S.C. § 7602(e).

12. The Facility is a "stationary source" as that term is defined by section 112(r)(2)(C) of the CAA, 42 U.S.C. § 7412(r)(2)(C).

13. Respondent is the "owner or operator" as those terms are defined by section 112(a)(9) of the CAA, 42 U.S.C. § 7412(a)(9), of a stationary source.

14. At the Facility, Respondent produces, processes, handles, or stores substances listed in, or pursuant to, CAA § 112(r)(3) or other extremely hazardous substances identified as such due to toxicity, reactivity, flammability, volatility, or corrosivity.

15. The release of SO₂, H₂S, and NO_x at the Facility on August 2, 2012, constituted an "accidental release" as that term is defined by section 112(r)(2)(A) of the CAA, 42 U.S.C. § 7412(r)(2)(A).

16. Respondent failed to design and maintain a safe facility and did not take such necessary steps to prevent accidental releases.

17. Respondent violated the general duty clause in section 112(r)(1) of the CAA, 42 U.S.C. § 7412(r)(1).

18. Respondent is therefore subject to the assessment of penalties pursuant to sections 113(a)(3) and 113(d)(1)(B) of the CAA, 42 U.S.C. §§ 7413(a)(3) and 7413(d)(1)(B), for at least one day of violation of the general duty clause of section 112(r)(1) of the CAA, 42 U.S.C. §7412(r)(1).

19. Respondent denies that it failed to design and maintain a safe facility, that it failed to take necessary steps to prevent accidental releases, and that it violated the general duty clause of section 112(r) of the CAA and enters into this settlement solely for the purpose of avoiding the burden and expense of litigating the claims alleged in this CAFO. Respondent's entry into this CAFO and payment of the amount described below is not and shall not be construed as an admission of liability by Respondent for the claims alleged by Complainant in this CAFO.
