Re: Administrative Order Violation, Cozy Mobile Home Public Water System, PWS ID #5600181,
Docket No. SDWA-08-2018-0026

Dear Mr. Pace:

On July 18, 2018, the U.S. Environmental Protection Agency issued an Administrative Order (Order) ordering you (Respondent), as owner of the Cozy Mobile Park Public Water System (System), to comply with the Safe Drinking Water Act, 42 U.S.C. Section 300f *et seq.*, and its implementing regulations, the National Primary Drinking Water Regulations, 40 C.F.R. part 141.

Our records indicate that you are in violation of the Order. Among other things, the Order included the following summarized requirements (from paragraphs 13 and 16 of the Order):

- Within 30 days after receipt of this Order, and as required by the Drinking Water Regulations thereafter, Respondent shall monitor the System's water for nitrate, in accordance with 40 C.F.R. § 141.23(a) and (d).
- Within 30 days after receipt of this Order, Respondent shall prepare a 2017 CCR (to include all information required by 40 C.F.R. §§ 141.153 and 154) for the System for 2017 and distribute the CCR to the System's consumers and the EPA. Respondent shall also certify to the EPA by October 1, 2018, that the CCR has been distributed to the System's customers and that information is correct and consistent with monitoring data previously provided to the EPA. Thereafter, Respondent shall prepare and distribute annual CCRs and provide certifications as required by 40 C.F.R. §§ 141.151-141.155.

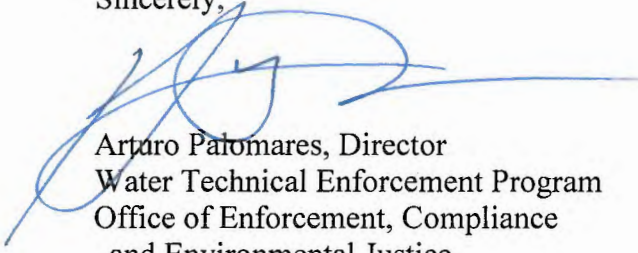

Within 10 business days from receipt of this letter, you must complete the following: sample for nitrate; send EPA the nitrate sampling results; prepare and distribute, to your consumers and to EPA, a 2017 CCR (all in accordance with the regulations described above).

The EPA is considering additional enforcement action as a result of your non-compliance with the Order. Violating an administrative order may lead to (1) a penalty of up to \$55,907 per day per violation of the Order, and/or (2) a court injunction ordering compliance.
