### III. GOVERNING LAW

6. This proceeding arises under Part A of Title II of the Act, CAA §§ 202-219, 42 U.S.C. §§ 7521-7554, and the regulations promulgated thereunder.
7. The Act requires the EPA to prescribe and revise, by regulation, standards applicable to the emission of any air pollutant from new motor vehicles or new motor vehicle engines which cause or contribute to air pollution, which may reasonably be anticipated to endanger public health or welfare. Section 202(a)(1) and (3) of the CAA, 42 U.S.C. § 7521(a)(1) and (3); 40 C.F.R. part 86.
8. Section 203(a)(3)(B) of the Act, 42 U.S.C. § 7522(a)(3)(B), prohibits any “person” from manufacturing, selling, offering to sell, or installing parts or components where a principal effect of the part or component is to bypass, defeat, or render inoperative any device or element of design installed on or in a “motor vehicle” or “motor vehicle engine” under Subpart A of Title II of the Act where the person knows or should know that the part or component is being offered for sale, manufactured or installed for such use. These parts or components are also referred to as “defeat devices.”
9. Any person who violates Section 203 of the Act, 42 U.S.C. § 7522, or rule promulgated thereunder, may be assessed a civil penalty pursuant to Section 205(c)(1) of the Act, 42 U.S.C. § 7524(c)(1), and 40 C.F.R. Part 19. Civil penalties under Section 205(c)(1) of the Act, 42 U.S.C. § 7524(c)(1), may be assessed by an administrative order. The Administrator may compromise, or remit with or without conditions, any administrative penalty which may be imposed under Section 205(c)(1) of the Act, 42 U.S.C. § 7524(c)(1).
10. Section 302(e) of the Act, 42 U.S.C. § 7602(e), defines “person” as an individual, corporation, partnership, association, State, municipality, political subdivision of a State, and any agency, department, or instrumentality of the United States and any officer, agent or employee thereof.
11. Section 203(a)(1) of the Act prohibits a vehicle manufacturer from selling a new motor vehicle in the United States unless the vehicle is covered by a certificate of conformity (COC). 42 U.S.C. § 7522(a)(1).
12. Section 216(2) of the Act, 42 U.S.C. § 7550(2), defines “motor vehicle” as any self-propelled vehicle designed for transporting persons or property on a street or highway.
13. Section 216(3) of the Act, 42 U.S.C. § 7550(3), defines “motor vehicle engine” as an engine that is designed to power a motor vehicle.
14. The EPA issues COCs to motor engine and motor vehicle manufacturers under section 206(a) of the CAA, 42 U.S.C. § 7525(a), to certify that a particular group of motor vehicles conforms to applicable EPA requirements governing motor vehicle emissions.
15. The application for a COC must describe, among other things, the emissions-related “elements of design” of the motor vehicle or motor vehicle engine. See 40 C.F.R. § 86.1844-01.
16. 40 C.F.R. § 86.1803-01 defines “element of design” as any control system (i.e., computer software, electronic control system, emission control system, computer logic), and/or control system calibrations, and/or the results of systems interaction, and/or hardware items on a motor vehicle or motor vehicle engine.

17. To meet the emission standards in 40 C.F.R. part 86 and qualify for a COC, motor vehicle manufacturers may utilize “elements of design” that control emissions of air pollutants, such as exhaust gas recirculation, diesel oxidation catalysts, diesel particulate filters, and/or selective catalytic reduction systems.

#### **IV. FINDINGS OF FACTS**

18. At all relevant times, Respondent sold and offered to sell motor vehicle parts that are installed for purposes of removing emissions-related devices or elements of design to various distributors and customers throughout the United States.
19. On July 21, 2021, EPA sent an information request (Request) pursuant to Section 208(a) of the Act, 42 U.S.C. § 7542(a), to Respondent regarding the aftermarket defeat devices it sold and/or offered for sale.
20. On September 4, 2019, Respondent submitted a response to the Request by providing invoices and documentation related to the Respondent’s sale and offer for sale, of aftermarket defeat devices.
21. Based on Respondent’s September 4, 2019, response to the Request and additional information gathered during EPA’s investigation, the EPA alleges that Respondent sold and/or offered for sale aftermarket defeat devices such as various tuner-related products, exhaust gas recirculation delete hardware, and exhaust system emission control delete hardware for motor vehicles, identified in Appendix A, herein incorporated in this CAFO by reference. The aftermarket defeat devices were designed and marketed for use on various motor vehicles, and intended to bypass, defeat, or render inoperative emissions-related devices or elements of design such as the exhaust gas recirculation, diesel oxidation catalysts, diesel particulate filters, selective catalytic reduction and on-board diagnostic systems that are installed on those motor vehicles to meet the CAA emission standards.
22. On July 21, 2021, EPA sent a Notice of Potential Violation and Opportunity to Confer (NOPVOC) to the Respondent concerning the alleged violations.
23. On August 11, 2021, EPA and the Respondent held a show cause meeting via Microsoft Teams to discuss the violations alleged in the NOPVOC.
24. On August 11, 2021, during the show cause meeting with the EPA, Respondent confirmed that it no longer sells, and/or offers for sale aftermarket defeat devices.

28. Respondent knew or should have known that the aftermarket defeat devices identified in Appendix A, were sold, and offered for sale, for such use or put to such use, in violation of Section 203(a)(3)(B) of the Act, 42 U.S.C. § 7522(a)(3)(B).
29. The EPA alleges that, between January 1, 2017 and September 4, 2019, Respondent committed at least 10,959 violations of Section 203(a)(3)(B) of the CAA, 42 U.S.C. § 7522(a)(3)(B), by selling, and offering for sale, aftermarket defeat devices identified in Appendix A of this CAFO.
