CONSENT AGREEMENT

I. AUTHORITIES AND PARTIES

1. This is an administrative action commenced and concluded under Section 1423(c)(1) for Class V wells of the Safe Drinking Water Act (SDWA), 42 U.S.C. § 300h-2(c)(1), and Sections 22.13(b), 22.18(b)(2) and (3), and 22.45 of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules), as codified at 40 C.F.R. Part 22.

2. Complainant is, by lawful delegation, the Director of the Enforcement and Compliance Assurance Division, U.S. Environmental Protection Agency (EPA), Region 9.

3. Respondent is Seven-Eleven Hawaii, Inc. (Respondent). Respondent was incorporated in the State of Hawaii on November 30, 1989.

4. Where the Parties agree to settle one or more causes of action before the filing of a complaint, an administrative action may be commenced and concluded simultaneously by the issuance of a Consent Agreement and Final Order (CA/FO). *See* 40 C.F.R. § 22.13(b).

5. The Parties agree that settling this action without the filing of a complaint or the adjudication of any issue of fact or law is in their interest and in the public interest.

6. Respondent consents to the terms of this CA/FO, including the assessment of the civil penalty of \$145,000 and the compliance requirements specified below.

II. JURISDICTION AND WAIVER OF RIGHT TO JUDICIAL REVIEW AND HEARING

7. Consistent with 40 C.F.R. § 22.18(b)(2), for the purpose of this proceeding, Respondent: admits the jurisdictional allegations of the CA/FO; neither admits nor denies the specific factual allegations contained in the CA/FO; consents to the assessment of the stated civil penalty, and to all conditions specified in the Consent Agreement; and waives any right to contest the allegations and its right to appeal the proposed Final Order accompanying the Consent Agreement.

8. Respondent further waives any and all remedies, claims for relief, and otherwise available rights to judicial or administrative review that Respondent may have with respect to this CA/FO including, but not limited to: its right to request a hearing under 40 C.F.R. § 22.15(c) and Section 1423(c)(3) of the SDWA, 42 U.S.C. § 300h-2(c)(3); its right to seek federal judicial review

of the CA/FO under Chapter 7 of the Administrative Procedure Act, 5 U.S.C. §§ 701-06; any right to contest the allegations in this CA/FO; and its right to appeal this CA/FO under Section 1423(c)(6) of the SDWA, 42 U.S.C. § 300h-2(c)(6). Respondent also consents to the issuance of this CA/FO without further adjudication.

III. STATUTORY AND REGULATORY BACKGROUND

9. Section 1421 of the SDWA, 42 U.S.C. § 300h, requires that the Administrator of EPA promulgate regulations, which shall include permitting requirements as well as inspection, monitoring, recordkeeping, and reporting requirements, for state underground injection control (UIC) programs to prevent underground injection which endangers drinking water sources.

10. Section 1421(d)(1) of the SDWA, 42 U.S.C. § 300h(d)(1), defines “underground injection” as the subsurface emplacement of fluids by well injection and excludes the underground injection of natural gas for purposes of storage and the underground injection of fluids or propping agents (other than diesel fuels) pursuant to hydraulic fracturing operations related to oil, gas, or geothermal production activities.

11. Pursuant to Sections 1421 and 1422 of the SDWA, 42 U.S.C. §§ 300h and 300h- 1, respectively, EPA has promulgated UIC regulations at 40 C.F.R. Parts 124, 144, 146, 147 (Subpart M), and 148.

12. 40 C.F.R. § 144.1(g) provides that the UIC programs regulate underground injection by six (6) classes of wells, and all owners or operators of these injection wells must be authorized either by permit or rule.

13. Section 1401(6) of the SDWA, 42 U.S.C. § 300f(6), and 40 C.F.R. § 144.3 define “contaminant” as any physical, chemical, biological, or radiological substance or matter in water.

14. 40 C.F.R. § 144.3 defines “fluid” as any material or substance which flows or moves whether in a semisolid, liquid, sludge, gas, or any other form or state.

15. 40 C.F.R. § 144.3 defines “well injection” to mean the subsurface emplacement of fluids through a well.

16. 40 C.F.R. § 144.3 defines “well” to mean, in relevant part, a dug hole whose depth is greater than the largest surface dimension.

17. 40 C.F.R. § 144.3 defines a “cesspool” as a “drywell,” which in turn is a “well.”

18. 40 C.F.R. § 144.81(2) defines “large capacity cesspools” (“LCCs”) to be a cesspool that includes “multiple dwelling, community or regional cesspools, or other devices that receive sanitary wastes, containing human excreta, which have an open bottom and sometimes perforated sides,” but excludes single-family residential cesspools or non-residential cesspools which receive solely sanitary waste and have the capacity to serve fewer than 20 persons per day.

19. 40 C.F.R. §§ 144.80(e) and 144.81(2) classify LCCs as Class V UIC injection wells.

20. 40 C.F.R. § 144.3 defines Class V UIC injection wells as a “facility or activity” subject to regulation under the UIC program.

21. Section 1401(12) of the SDWA, 42 U.S.C. § 300f(12), defines “person” as an individual, corporation, company, association, partnership, State, municipality, or Federal agency (and includes officers, employees, and agents of any corporation, company, association, State, municipality, or Federal agency). *See also* 40 C.F.R. § 144.3.

22. 40 C.F.R. § 144.3 defines “owner or operator” to mean the owner or operator of any “facility or activity” subject to regulation under the UIC program.

23. Pursuant to 40 C.F.R. § 144.82, the “owner or operator” of a Class V UIC injection well “must comply with Federal UIC requirements in 40 C.F.R. Parts 144 through 147,” and must also “comply with any other measures required by States or an EPA Regional Office UIC Program to protect [underground sources of drinking water].”

24. 40 C.F.R. §§ 144.84(b)(2) and 144.88 prohibit construction of new or converted LCCs and required that owners or operators of existing LCCs close those LCCs by no later than April 5, 2005.

25. Pursuant to Section 1422(c) of the SDWA, 42 U.S.C. § 300h-1(c), and 40 C.F.R. § 147.601, EPA administers the UIC program in the State of Hawaii, and therefore has “primacy” for the program.

26. Section 1423(a)(2) of the SDWA, 42 U.S.C. § 300h-2(a)(2), provides that any person found to be in violation of any requirement of an applicable UIC program in a state that does not have primacy may be assessed a civil penalty and be subject to an order requiring compliance pursuant to Section 1423(c)(1) of the SDWA, 42 U.S.C. § 300h-2(c)(1).

27. Under Section 1423(c)(1) of the SDWA, 42 U.S.C. § 300h-2(c)(1), and 40 C.F.R. Part 19, EPA may assess a civil penalty of not more than \$25,076 for each day of violation, up to a maximum administrative penalty of \$313,448 for violations occurring after November 2, 2015, and where penalties are assessed on or after January 12, 2022, and/or issue an order requiring compliance.

IV. FACTUAL ALLEGATIONS AND ALLEGED VIOLATIONS

28. Respondent is a corporation and thus qualifies as a “person” within the meaning of Section 1401(12) of the SDWA, 42 U.S.C. § 300f(12), and 40 C.F.R. § 144.3.

29. Respondent operates 66 (sixty-six) convenience stores in Hawaii. Respondent is the operator or owner of the sanitary waste system at 55 (fifty-five) of those 66 (sixty-six) locations (“Subject Convenience Stores”). Of the 54 Subject Convenience Stores, EPA investigated the following three stores in July 2021: 51-484 Kamehameha Highway, Kaaawa, HI 96730 (TMK: 5-1-011:044); 15-2875 Government Road, Pahoia, HI 96778 (TMK: 3-1-5-011-014); and 1311 Kilauea Avenue, Hilo, HI 96720 (TMK: 3-2-2-054-018). The three investigated stores are collectively referenced herein as the “Store Locations.”

30. The bathroom in each Store Location is serviced by a cesspool. EPA alleges that each cesspool at the Store Locations meets the definition of a LCC, as that term is defined at 40 C.F.R. § 144.81(2), in that they have the capacity to serve 20 or more persons per day.

31. Since at least April 5, 2005, Respondent has operated the three (3) LCCs located at the Store Locations.

32. Each day that Respondent failed to close the LCCs at the Store Locations, identified in Paragraph 29, after April 5, 2005, constitutes an ongoing violation of 40 C.F.R. §§ 144.84(b)(2) and 144.88.

V. SETTLEMENT TERMS

A. Civil Penalty

33. Section 1423(c)(4)(B) of the SDWA, 42 U.S.C. § 300h-2(c)(4)(B), requires the EPA Administrator to take into account the seriousness of the violation, the economic benefit (if any) resulting from the violation, any history of such violations, any good faith efforts to comply with the applicable requirements, the economic impact of the penalty on the violator, and such other matters as justice may require, when assessing a civil penalty for violations of the SDWA.

34. Within thirty (30) days of the Effective Date of this CA/FO, Respondent must pay a civil penalty of ONE HUNDRED FORTY-FIVE THOUSAND DOLLARS (\$145,000) by sending a check (mail or overnight delivery), wire transfer, automated clearing house, or online payment. 37. Pursuant to 31 U.S.C. § 3717 and 40 C.F.R. § 13.11, in addition to any stipulated penalties due under Section V.C, below, Respondent must pay the following on any amount overdue under this CA/FO: interest accrued on any overdue amount from the date payment was due at a rate established by the Secretary of the Treasury pursuant to 26 U.S.C. § 6621(a)(2); the United States' enforcement expenses, including but not limited to attorneys' fees and costs incurred by the United States for collection proceedings; a \$15 handling charge fee each month that any portion of the penalty is more than thirty (30) days past due; and 6% per year penalty on any principal amount ninety (90) days past due.

38. If Respondent does not pay timely the civil penalty due under Paragraph 34 and/or any stipulated penalties due under Section V.C, below, EPA may request the United States Department of Justice bring an action to collect any unpaid portion of the penalty with interest, handling charges, non-payment penalties, and the United States' enforcement expenses for the collection action under Section 1423(c)(7) of the SDWA, 42 U.S.C. § 300h- 2(c)(7). The validity, amount, and appropriateness of the civil penalty are not reviewable in a collection action.

B. Compliance Requirements
LCC Closures – Store Locations

39. As required by Section 1423(c)(1) of the SDWA, 42 U.S.C. § 300h-2(c)(1), and consistent with the timeframes set forth below, Respondent shall:

a. Within fifteen (15) days after this CA/FO becomes effective, Respondent shall execute contracts with an architect and an engineering firm for the closure of the cesspools at the Store Locations.

b. Within ninety (90) days after Respondent executes the contracts referenced in Paragraph 39(a), Respondent shall complete the initial design for the closures and retrofits of

the cesspools at the Store Locations and submit complete applications for permits for the installation of a state approved individual wastewater system (“Installation Permits”) to the State of Hawaii Department of Health (HDOH).

c. Within ninety (90) days after HDOH issues Installation Permits on Oahu and within one hundred and twenty (120) days after HDOH issues Installation Permits on the Big Island (Hawaii), Respondent shall complete the closure of the cesspools at the Store Locations and the installation/retrofit of the new wastewater systems, in accordance with 40 C.F.R. §§ 144.84(b)(2), 144.88(a), and 144.89(a), and all other applicable requirements, including all HDOH closure requirements, and shall submit documentation to HDOH requesting final approval. The total time from the submission of complete applications in Paragraph 39(b) until the closures of the cesspools at the Store Locations shall not exceed three hundred (300) days.

d. Within thirty (30) days of closure of the last of the cesspools at the Store Locations, Respondent shall submit to EPA a Final LCC Closure Report describing how each LCC was closed, including copies of any cesspool backfill closure reports for the closure of each cesspool; and

e. If Respondent installs one or more replacement wastewater systems, such as Individual Wastewater Systems (“IWS(s)”), then the design and installation of such systems shall comply with all HDOH requirements.

f. In addition, as part of the Final LCC Closure Report, Respondent shall submit to EPA all approvals for the closure of the LCCs and any replacement systems issued by HDOH, provided that, should HDOH not issue any approval within thirty (30) days of closure of the last cesspool at the Store Locations, Respondent shall submit such approval within fourteen (14) days of receipt of the approval by Respondent.

40. Respondent shall inform the EPA in writing if any new information or circumstances cause Respondent to modify any planned actions or schedule for achieving compliance with this CA/FO.

41. If Respondent fails to comply with the requirements set forth in Paragraph 39, above, pursuant to Section 1423(b) of SDWA, 42 U.S.C. § 300h-2(b), EPA may request the United States Department of Justice to bring an action in federal district court seeking an order requiring compliance with this CA/FO and/or penalties for violating this CA/FO.

42. Respondent shall perform a compliance audit (“Audit”) in accordance with Paragraphs 44-47 below of the 54 Subject Convenience Stores¹ to identify and close all identified LCCs in accordance with Paragraph 46 below.

43. The Parties agree that for violations reported or otherwise disclosed to EPA and corrected (i.e. cesspool closure) under, and in accordance with, the Audit provisions of this CA/FO, below, and subject to the last sentence of this Paragraph, Respondent shall pay a per-LCC economic benefit payment of \$6,607 (to be paid contemporaneously with Respondent’s submission of its Final LCC Closure Report and using the method of payment specified in Paragraph 34) and thereby will receive 100% mitigation of gravity-based penalties for the identified LCCs. The foregoing 100% mitigation of gravity-based penalties is provided on condition that: (i) Respondent audits the 54 Subject Convenience Stores and closes all identified LCCs in accordance with the requirements of this CA/FO; and (ii) Respondent is correct in its

¹ The convenience stores whose wastewater systems Respondent represents it does not to operate or own, and are therefore not subject to the Self-Audit requirements of Paragraph 44-47, are: (1) 4805 Bougainville Drive, Oahu; (2) 111 Alamaha Street, Maui; (3) 98-150 Kaonohi Street, Oahu; (4) 99-197 Aiea Heights Drive, Oahu; (5) 1199 Dillingham Drive, Oahu; (6) 1960 Kapiolani Boulevard, Oahu; (7) 900 N. Nimitz Highway, Oahu; (8) 46-047 Kamehameha Highway, Oahu; (9) 555 N. King Street, Oahu; (10) 693 Komohana Street, Oahu, and (11) 1040 Bishop Street, Oahu.

representations regarding the 11 convenience stores whose waste systems it does not operate or own, as identified in footnote 1.

Compliance Audit

44. Respondent shall comply with the following Audit requirements:

a. **Choose an Auditor to Conduct LCC Inspections:** No later than one-hundred eighty (180) calendar days after the Effective Date of this CA/FO, Respondent shall notify EPA in writing of Respondent's choice of a proposed Auditor who has a technical or educational background relevant to LCCs and at least five (5) years of experience of conducting inspection and/or working on LCCs. Respondent shall provide to EPA along with its notification under this Paragraph a curriculum vitae and list of past cesspool projects performed by the proposed Auditor. EPA shall have fifteen (15) calendar days from its receipt of Respondent's notice to object to the selection of Respondent's choice of an Auditor, based upon the Auditor not having the requisite educational or technical background or experience. In the event of an objection by EPA, Respondent shall have thirty (30) days in which to provide to EPA with written notification of Respondent's secondary Auditor choice that meets the requirements of this Paragraph, and addresses any additional directions contained in EPA's objection, along with the curriculum vitae and list of past cesspool projects performed by the secondary Auditor. If EPA does not object to Respondent's choice of Auditor within the specified timeframe in this Paragraph, then the Auditor shall be deemed to be "approved" and may proceed to the next step in the Audit. Respondent shall ensure that the Auditor supervises the preparation of and signs the Inspection Completion Reports as required by Paragraph 45 of this CA/FO; and prepares and signs the Final LCC Closure Reports as required under Paragraph 47 of this CA/FO.

i. Recordkeeping: Respondent shall include in its written agreement with the Auditor a provision requiring that the Auditor maintain all records pertaining to the undertaking or oversight of the Audit for a period of at least three (3) years. The Auditor's records of the Audit shall be made available to EPA upon request.

ii. Non-Target Properties: Non-Target Properties include those that: (A) are connected to a sewer system; (B) contain an on-site wastewater treatment facility permitted by the HDOH; (C) contain an HDOH-permitted IWS that is not a cesspool; (D) are residential properties that contain one single-family residence or are non-residential properties that clearly have the capacity to serve fewer than twenty (20) persons per day; or (E) are raw land.

iii. Sufficient Documentation: No later than ninety (90) days of the Effective Date of this CA/FO, Respondent shall submit to EPA a proposed list of Target and Non-Target Properties (which together will encompass all of the Subject Convenience Stores). This list may be prepared and submitted by Respondent without using its Auditor, but Respondent shall rely on "Sufficient Documentation" that a particular property is a Non-Target Property and does not otherwise contain an LCC. For the purposes of this CA/FO, "Sufficient Documentation" means:

1. For properties connected to a sewer: written confirmation of the connection from the county or private sewer operator; building plans documenting the connection to a county or private sewer system; or a sewer bill from the past year.

2. For properties that contain an on-site wastewater treatment system: an HDOH permit or written documentation from HDOH of approval to operate the wastewater treatment system.

3. For properties that contain a non-cesspool IWS: an IWS permit from HDOH or written documentation from HDOH showing that the IWS is permitted.

4. For properties that contain one (1) single-family residence: a Tax Map Key code showing that the property contains only one single-family residence.

5. For raw land: a “Building Value” of zero according to government tax records as of the Effective Date of this CA/FO.

iv. If EPA approves of the list of Target and Non-Target Properties, then Respondent shall proceed with the next step of the Audit (inspection of Target Properties).

v. If EPA disapproves of a Non-Target Property determination for any property and determines a Property is instead a Target Property that should be inspected, it shall provide a rationale for any Non-Target Property it disapproves. Upon receipt of EPA’s written Non-Target Property disapproval, Respondent shall re-examine its Non-Target Property determination and provide EPA with a written response within thirty (30) days of receiving EPA’s Non-Target Property disapproval that either confirms EPA’s Target Property determination or reaffirms Respondent’s initial Non-Target Property determination. If Respondent reaffirms its determination on one or more Properties, EPA shall make the final determination in writing on whether the Property is Target or Non-Target. Upon either Respondent’s confirmation of EPA’s Target Property determination or a determination by EPA on a disputed Property, Respondent shall proceed with the next step of the Audit (inspection of Target Properties).

vi. Upon request from EPA, Respondent shall provide copies to EPA of any documentation relied upon for any purposes of this Audit. With the exception of information obtained through databases maintained by a government entity, Respondent shall

maintain the relied-upon documentation until at least three (3) years after the Audit is complete. Where Respondent obtains information through databases maintained by a government entity, Respondent shall provide EPA with the name of the database and a certified statement from a representative of Respondent documenting when the information was obtained.

vii. Each list of Target and Non-Target Properties submitted to EPA must be certified by Respondent pursuant to Paragraph 60.

b. Inspection of the Target Properties:

i. No later than ninety (90) days after EPA's approval of the list of Target Properties, the Auditor shall inspect each of the Target Properties for the presence of an LCC. Inspections may include, but are not limited to, a review of property records, permits, water use records, and/or other documentation, and interviews with Respondent's employees, occupants, tenants and/or lessees, as needed to confirm the presence (or absence) and location of an LCC. If Respondent cannot confirm the absence or location of an LCC during its records review, then Respondent shall perform an on-site visual inspection of the Target Property.

ii. All work will be conducted in accordance with accepted standards of professional engineering procedures as practiced by members of the local engineering profession currently practicing in Hawaii under similar conditions.

45. **Inspection Completion Reports:** No later than one-hundred twenty (120) days of the Inspection Completion Date, the Auditor shall sign and submit an Inspection Completion Report to EPA documenting the findings of the Auditor's Target Properties inspections. The Inspection Completion Report shall include:

- a. A description of how the Audit procedures were followed in completing the Audit.
- b. The number of LCCs located on Target Properties, a description of each LCC, and a description of how the LCC was identified and/or confirmed.
- c. For those Target Properties that were determined not to contain an LCC, a description of how it was determined that the property did not contain an LCC and what, if any, other sewer or wastewater treatment system is being used.

46. LCC Closure and Schedule Plan:

- a. With the Inspection Completion Report, Respondent shall also submit for EPA's approval an LCC Closure Plan and Schedule. The LCC Closure Plan and Schedule shall provide a schedule for the closure of any identified LCCs. The proposed schedule for closure of the LCCs should be established to ensure that the identified LCCs are closed as soon as reasonably possible, considering: (i) the time it takes to contract for the work, including Respondent's timely and diligent effort to prepare the competitive bid and award the contract; and (ii) the time it takes to obtain state and local approvals for the work. The LCC Closure Plan and Schedule shall include any contracts awarded to close the identified cesspools. In no case shall the schedule required for closure extend beyond three (3) years from the date of submission of the LCC Closure Plan and Schedule to EPA.
- b. EPA shall have sixty (60) days to disapprove in writing the LCC Closure Plan and Schedule, along with a description of the basis for the disapproval and instructions on how to address any identified concerns. Upon receipt of EPA's disapproval of the LCC Closure Plan and Schedule, Respondent shall submit to EPA within thirty (30) days of receipt of such

disapproval a revised LCC Closure Plan and Schedule that addresses any concerns identified by EPA. Any LCC Closure Plan and Schedule not disapproved by EPA within sixty (60) days shall be deemed “approved” by EPA.

c. Within three months of EPA’s actual or deemed approval—pursuant to Paragraph 46(b)—of the LCC Closure Plan and Schedule, Respondent shall submit either construction plans for an IWS to HDOH for approval or apply for a sewer connection for each LCC targeted for closure, irrespective of the final approved closure date.

d. LCCs shall be closed in accordance with 40 C.F.R. §§ 144.84(b)(2), 144.88(a), and 144.89(a), and all applicable federal, state, and local closure requirements.

47. **Final Audit LCC Closure Reports:** Within thirty (30) days of closure of each LCC identified through this Audit, Respondent shall submit to EPA a Final Audit LCC Closure Report that includes the certification and signature by the Auditor for that particular LCC and that briefly describes and documents completion of the LCC closure steps that includes, at a minimum, the following:

a. A copy of the HDOH permit to operate an IWS or a copy of the approval to connect to sewer; and

b. A copy of any closure backfill reports for the closure activity.

48. The Audit shall not affect EPA’s right to bring a claim or cause of action other than those specified in this CA/FO, including a claim or cause of action for an LCC violation that could have been, but was not, reported and closed as part of the Audit or was identified and closed inconsistent with the process and procedures set forth in this CA/FO.

49. Respondent shall bear all costs associated with the Audit.

C. Stipulated Penalties

50. Respondent shall pay stipulated penalties in accordance with this Section C for any violations of this CA/FO.

51. If Respondent fails to make the payment specified in Section V.A of this CA/FO or fails to meet the compliance deadline for closure of any of the LCCs at the Store Locations by the deadline specified in Section V.B of this CA/FO, Respondent agrees to pay in addition to the assessed penalty, a stipulated penalty of \$300 per day for each day the Respondent is late in making the penalty payment or meeting the closure deadline for the LCC.

52. If Respondent fails to timely submit any reports required by this CA/FO, in accordance with the timelines set forth in this CA/FO, Respondent agrees to pay a stipulated penalty of \$100 for each day after the report was due until it submits the report in its entirety.

53. Respondent agrees to pay any stipulated penalties within thirty (30) days of receipt of EPA's written demand for such penalties. All penalties shall begin to accrue on the first date of noncompliance and shall continue to accrue through the date of completion of the delinquent CA/FO requirement. Respondent will use the method of payment specified in Paragraph 34 and agrees to pay interest, handling charges and penalties that accrue for late payment of the stipulated penalty in the same manner as set forth in Paragraph 37.

54. Neither the demand for, nor payment of, a stipulated penalty relieves Respondent of its obligation to comply with any requirement of this CA/FO or modifies or waives any deadlines set forth in this CA/FO.

55. EPA may, in the unreviewable exercise of its discretion, elect to pursue any other administrative or judicial remedies in addition to or in lieu of assessing stipulated penalties and/or reduce or waive stipulated penalties due under this CA/FO.

D. Force Majeure

56. For purposes of this CA/FO, Force Majeure is defined as any event arising from causes that are beyond the control of Respondent or its employees and agents, any entity controlled by Respondent, or Respondent's consultants or contractors, which delays or prevents the performance of any obligation under this CA/FO despite Respondent's reasonable best efforts to fulfil the obligation. The requirement that Respondent exercise "reasonable best efforts to fulfil the obligation" includes using reasonable best efforts to anticipate any potential Force Majeure event and reasonable best efforts to address the effects of any such event (a) as it is occurring and (b) after it has occurred to prevent or minimize any resulting delay to the greatest extent possible. Examples of Force Majeure events include, but are not limited to: unforeseen environmental, geological, or archaeological conditions; or pandemics, epidemics, or disease. Examples of events that are not Force Majeure include, but are not limited to: increased costs or expenses of any work to be performed under this CA/FO; or normal inclement weather.

57. Respondent shall exercise its best efforts to avoid or minimize any delay and any effects of a delay. If any event occurs which causes or may cause delays meeting the deadlines set forth in this CA/FO, Respondent or its attorney shall, within two (2) business days of the delay or within three (3) business days of Respondent's knowledge of the anticipated delay, whichever is earlier, notify EPA by email in accordance with Paragraph 59. Within fifteen (15) days thereafter, Respondent shall provide in writing the reasons for the delay, the anticipated duration of the delay, the measures taken or to be taken to prevent or minimize the delay, and a timetable by which those

measures will be implemented. Failure to comply with the notice requirement of this Paragraph shall preclude Respondent from asserting any claim of Force Majeure.

58. If EPA agrees that the delay or anticipated delay is due to a Force Majeure event as defined in Paragraph 56 above, the time for performance may be extended for the period of the delay resulting from the circumstances causing the delay. In such event, EPA will grant, in writing, an extension of time. An extension of the time for performing an obligation granted by EPA pursuant to this Paragraph shall not, of itself, extend the time for performing a subsequent obligation.

61. If Respondent finds at any time after submitting information that any portion of that information is false or incorrect, the signee must notify EPA immediately. Knowingly submitting false information to EPA in response to this CA/FO may subject Respondent to criminal prosecution under Section 1423(b) of the SDWA, 42 U.S.C. § 300h-2(b), as well as 18 U.S.C. §§ 1001 and 1341.

VII. GENERAL PROVISIONS

65. Full payment of the penalty as described in Paragraph 34 for the LCCs at the Store Locations identified in Paragraph 29 and full compliance with this CA/FO shall resolve Respondent's liability for federal civil penalties for the violations and facts alleged in this CA/FO regarding those three locations. For those LCCs identified and closed in accordance with the Audit provisions of this CA/FO, Respondent's potential liability for federal civil penalties for LCC violations are resolved to the extent that Respondent complies with the conditions set forth in Paragraph 39. Violation of this CA/FO shall be deemed a violation of the SDWA for purposes of Section 1423(b) of the SDWA, 42 U.S.C. § 300h-2(b).

66. The Parties consent to service of this CA/FO by e-mail at the following valid e-mail addresses: Young.Emma@epa.gov (for Complainant) and both Greg.Hanna@7-11hawaii.com and Deborahschmall@Paulhastings.com (for Respondent).

68. The provisions of this CA/FO shall apply to and be binding upon Respondent, its officers, directors, agents, servants, authorized representatives, employees, and successors or assigns. Action or inaction of any persons, firms, contractors, employees, agents, or corporations acting under, through, or for Respondent shall not excuse any failure of Respondent to fully perform its obligations under this CA/FO except for extensions of time to complete such obligations provided by EPA pursuant to Paragraph 58 above.

69. Full compliance with this CA/FO does not in any manner affect the right of EPA to pursue appropriate injunctive or other equitable relief or criminal sanctions for any violations of

law, except with respect to: (i) the claims described in Section IV for cesspools at the Store Locations identified in Paragraph 29 which Respondent has closed in full compliance with this CA/FO and has paid both gravity-based and economic benefit penalties as part of the civil penalty required by this CA/FO; and (ii) any claims for SDWA violations at any LCC identified and closed by Respondent pursuant to the Audit provision of this CA/FO to the extent resolved by Respondent's payment of economic benefit as set forth in Paragraph 43.

70. This CA/FO is not a permit or modification of a permit and does not affect Respondent's obligation to comply with all federal, state, local laws, ordinances, regulations, permits, and orders. Issuance of, or compliance with, this CA/FO does not waive, extinguish, satisfy, or otherwise affect Respondent's obligation to comply with all applicable requirements of the SDWA, regulations promulgated thereunder, and any order or permit issued thereunder, except as specifically set forth herein.

71. Respondent certifies that it is complying with the SDWA and its implementing regulations.

72. EPA reserves any and all legal and equitable remedies available to enforce this CA/FO, as well as the right to seek recovery of any costs and attorneys' fees incurred by EPA in any actions against Respondent for noncompliance with this CA/FO.

73. Unless otherwise specified, the Parties shall each bear their own costs and attorneys' fees incurred in this proceeding.

74. This CA/FO may be executed and transmitted by facsimile, e-mail or other electronic means, and in multiple counterparts, each of which shall be deemed an original, but all of which shall constitute an instrument. If any portion of this CA/FO is determined to be

78. The Parties acknowledge and agree that final approval by EPA of this CA/FO is subject to 40 C.F.R. § 22.45(c)(4), which sets forth requirements under which a person not a party to this proceeding may petition to set aside a consent agreement and final order on the basis that material evidence was not considered.
