# II. FINDINGS OF FACT

- 4. IWS Transfer Systems of NY, Inc. ("Respondent") is a corporation chartered under the laws of the State of New York, and as such, the Respondent is a person, as defined in Section 502(5) of the Act, 33 U.S.C. §1362(5), and 40 C.F.R. §122.2.
- 5. The Respondent owns and operates the Goshen Transfer Station located at 95 Hartley Road in Goshen, New York ("Facility") and is an "owner or operator" within the meaning of 40 C.F.R. §122.2.

- 6. The Respondent's Facility discharges pollutants associated with industrial activity, including stormwater, from a catch basin to an outfall pipe that discharges to a Wallkill River tributary.
- 7. The Respondent's outfall pipe, which is a "point source" within the meaning of Section 502(14) of the Act, 33 U.S.C. §1362(14), discharges stormwater, which is a "pollutant" within the meaning of Section 502(6) of the Act, 33 U.S.C. §1362(6), to the tributary to the Wallkill River, a water of the United States within the meaning of 40 C.F.R. §122.2. As such, pollutants have been discharged to navigable waters from a point source within the meaning of Section 502(12) of the Act, 33 U.S.C. §1362(12).
- 8. On January 2, 2013, Respondent submitted a Notice of Intent ("NOI") to gain coverage under the New York State Department of Environmental Conservation ("NYSDEC") State Pollutant Discharge Elimination System ("SPDES") Multi-Sector General Permit for Stormwater Discharges Associated with Industrial Activity ("MSGP"), GP-0-12-001, which became effective on October 1, 2012 and expired on September 30, 2017. On May 30, 2018, Respondent submitted a NOI to gain coverage under the current MSGP, GP-0-17-004, which became effective on March 1, 2018 and expires on February 28, 2023.
- 9. On August 23, 2018, the EPA conducted a Compliance Evaluation Inspection ("CEI") of the Respondent's Facility and determined that the Respondent had failed to comply with conditions of the MSGP, in violation of Section 301 of the Act, 33 U.S.C. §1311, as detailed in EPA's CEI Report.
- 10. Based on the Findings cited in Paragraphs 4-9 above, the Respondent violated Section 301 of the Act, 33 U.S.C. §1311.

## III. CONCLUSIONS OF LAW AND JURISDICTION

- 11. Section 301(a) of the Act, 33 U.S.C. §1311(a), provides, in part, that the discharge of any pollutants by any person from a point source to a navigable water of the United States shall be unlawful except, inter alia, in accordance with the terms and conditions of a duly issued permit pursuant to Section 402 of the Act, 33 U.S.C. §1342.
- 12. Section 402 of the Act, 33 U.S.C. §1342, authorizes the Administrator of EPA to issue a National Pollutant Discharge Elimination System ("NPDES") permit for the discharge of any pollutant, or combination of pollutants, subject to certain requirements of the Act and conditions which the Administrator determines are necessary.
- 13. The NYSDEC is the agency with the authority to administer the federal NPDES program in New York pursuant to Section 402(b) of the Act, 33 U.S.C. §1342(b). The EPA maintains concurrent enforcement authority with authorized States for addressing violations of the Act. Additionally, under this authority granted to the NYSDEC by the EPA under Section 402(b) of the Act, 33 U.S.C. §1342(b), facilities are required to obtain a SPDES permit from the NYSDEC for the discharge of pollutants from said facilities' point source(s) to a navigable water of the United States.
- 14. Section 402(p) of the Act, 33 U.S.C. §1342(p), sets forth the requirements for discharges of stormwater.

- 15. NYSDEC issued a SPDES MSGP, as defined by general permit number, GP-0-12-001, on October 1, 2012, and it expired on September 30, 2017. NYSDEC then issued the current MSGP, as defined by general permit number, GP-0-17-004, on March 1, 2018, and it expires on February 28, 2023.
- 16. The Administrator of EPA has promulgated regulations, 40 C.F.R. §122.26(a)(1)(ii) and §122.26(b)(14), which require operators to obtain a NPDES permit for stormwater discharges associated with industrial activity. The regulations at 40 C.F.R. §122.26(b)(14) establish requirements for stormwater discharges associated with industrial activity.
- 17. The Respondent's Facility is subject to the NPDES requirements pursuant to Section 402 of the Act, 33 U.S.C. §1342, and Section 301(a) of the Act, 33 U.S.C. §1311(a).
- 18. Based upon the Findings of Fact set forth above, the Respondent operated the Facility in violation of Sections 301 and 402 of the Act.
- 19. EPA has jurisdiction over the subject matter of this action, pursuant to Section 309 of the Act, 33 U.S.C. §1319, and over the Respondent.

# IV. CONSENT AGREEMENT

- 20. Paragraphs 1 through 19, above, are re-alleged and incorporated herein by reference.
- 21. The EPA and the Respondent agree that it is in the public interest to resolve the issues alleged in this Consent Agreement without further litigation and the expense and effort that litigation entails.
- 22. Based upon the foregoing and pursuant to Section 309(g) of the Act, 33 U.S.C. §1319(g), and the CROP, it is hereby agreed by and between EPA and the Respondent, and the Respondent voluntarily and knowingly agrees as follows:

The EPA may modify or withdraw its consent to this Agreement if comments received disclose facts or considerations indicating that the Agreement is inappropriate, improper, or inadequate.
- 31. If comments during the public comment period do not require modification or withdrawal by the EPA from this Agreement, the parties agree to submit this Agreement to the Director of the Division of Enforcement and Compliance Assistance ten (10) days after closure of the public comment period, with a request that it be incorporated into a final order.
- 32. The provisions of this CA/FO shall be binding upon the Respondent, its officers, directors, agents, servants, authorized representatives and successors or assigns, including but not limited to, subsequent purchasers. No transfer of ownership or operation shall relieve the Respondent of its obligation to comply with this CA/FO.

- 34. Except for the specific violations alleged herein, nothing in this agreement shall be construed as prohibiting, altering or in any way limiting the ability of the EPA to seek any other remedies or sanctions available by virtue of the Respondent's violation of this agreement or of the statutes and regulations upon which this agreement is based, or for the Respondent's violation of any applicable provision of law.
- 35. This CA/FO shall not relieve the Respondent of its obligation to comply with all applicable provisions of federal, state or local law, nor shall it be construed to be a ruling on, or determination of, any issue related to any federal, state or local permit.
- 36. This CA/FO constitutes a settlement by the EPA of all claims for civil penalties pursuant to the Act for the violations by the Respondent alleged herein. Nothing in this CA/FO is intended to nor shall be construed to operate in any way to resolve any criminal liability of the Respondent.
