RE: Emergency Administrative
Order under Section 1431 SDWA
First Interstate Inn Public
Water System
Docket No. **SDWA-08-2012-0002**
PWS ID #WY5600375

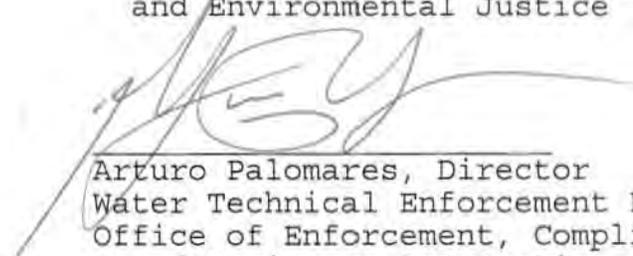

Dear Registered Agent and Mr. Patel:

On November 1, 2011, the U.S. Environmental Protection Agency (EPA) issued an Emergency Administrative Order (Order) under section 1431 of the Safe Drinking Water Act (the Act), 40 U.S.C. § 300i, to Yogi LLC and Sanjay Patel, owners and/or operators of the First Interstate Inn public water system (the System). This letter confirms the verbal notice provided to Shelly Rutten, office manager at the First Interstate Inn, by Shawn McCaffrey of EPA on November 30, 2011 that weekly bacteriological monitoring in the distribution system is no longer required and may be reduced to monthly monitoring (one sample per month). This notice is based on bacteriological monitoring conducted on November 7, November 18, and November 22, 2011 which were analyzed as total coliform negative. Monthly bacteriological monitoring shall be conducted until you are notified by EPA that sampling may be reduced to quarterly. You are required to comply with all other provisions of the Order. Penalties for failing to comply are set forth in the Order.

We appreciate your cooperation. If you have any questions regarding this matter, please contact Shawn McCaffrey at (303) 312-6515. If you are represented by an attorney or have legal questions, please ask your attorney to call Jean Belille, Enforcement Attorney, at (303) 312-6556.
