Re: Findings of Violation and Order for
Compliance under sections 308 and
309 of the Clean Water Act
Docket No. CWA-08-2008-0027

Dear Mr. Bishop:

The U.S. Environmental Protection Agency (EPA) is pleased to provide you with this written notification of the closure of the EPA findings of violations and order for compliance (Order) referenced above that was issued in response to violations of 40 C.F.C. part 503, the "Standards for the Use or Disposal of Sewage Sludge." Based on EPA's review of the information contained in the case file, including the most recent quarterly report received April 20, 2010, EPA has determined that compliance with the requirements outlined in the Order has been achieved. Accordingly, the Order shall now be closed and no further action is required. Please be advised, however, that the closure of the Order does not relieve you of your obligations to comply with the Clean Water Act.

I appreciate the efforts you have made to resolve this matter. If you have any questions, please contact Liz Fagen, Water Technical Enforcement Program, at (303) 312-6095 or Wendy Silver, Senior Attorney, at (303) 312-6637.

Sincerely,

Andrew M. Gaydosh
