The Administrator has delegated these authorities to the Regional Administrator of EPA, Region 4, who has in turn delegated these authorities through the Director, RCRA Division, to the Chief, RCRA and OPA Enforcement and Compliance Branch, RCRA Division ("Complainant").

CONSENT AGREEMENT

Stipulations

The parties, in their own capacity or by their attorneys or other authorized representatives, hereby stipulate:

1. Respondent, Dana Corporation, is a corporation organized under the laws of Virginia with a place of business located at 750 N. Black Branch Road, Elizabethtown, KY 42701. The Respondent is a person within the meaning of Sections 311(a)(7) and 502(5) of the Act, 33 U.S.C. §§ 1321(a)(7) and 1362(5).

2. On March 3, 2006, Dana Corporation and 40 of its U.S. subsidiaries filed voluntary petitions for reorganization under Chapter 11 of the U.S. Bankruptcy Code. The company continues to operate and is still under Chapter 11 Bankruptcy.

3. The Respondent was at all times relevant to this Consent Agreement an owner or operator within the meaning of Section 311(a)(6) of the Act, 33 U.S.C. § 1321(a)(6), of an equipment supplier facility located at 750 N. Black Branch Road, Elizabethtown, Kentucky ("the facility").

4. The facility is an onshore facility within the meaning of Section 311(a)(10) of the Act, 33 U.S.C. § 1321(a)(10).

5. Black Branch Creek is a navigable water, as defined in Section 502(7) of the Act, 33 U.S.C. § 1362(7), and 40 C.F.R. § 110.1, and is therefore subject to the jurisdiction of Section 311 of the Act.

6. Section 311(b)(3) of the Act, 33 U.S.C. § 1321(b)(3), prohibits the discharge of oil into or upon the navigable waters of the United States or adjoining shorelines in such quantities that have been determined may be harmful to the public health or welfare or environment of the United States.

7. For purposes of Section 311(b)(3) and (b)(4) of the Act, 33 U.S.C. § 1321(b)(3) and (b)(4), discharges of oil into or upon the navigable waters of the United States in such quantities that have been determined may be harmful to the public health or welfare or environment of the United States are defined in 40 C.F.R. § 110.3 to include discharges of oil that (1) violate applicable water quality standards or (2) cause a film or a sheen upon or discoloration of the

8. Respondent admits the jurisdictional statements contained herein.

Allegations

Complainant alleges, and Respondent neither admits nor denies, that:

9. On September 14, 2004, Respondent discharged 1,000 gallons of oil (a mixture of metal-working fluids, oil, and water) as defined in Section 311(a)(1) of the Act, 33 U.S.C. § 1321(a)(1), from its waste containment piping system into or upon Black Branch Creek in Elizabethtown, Kentucky.

10. Upon discovery of the release, Respondent shut down the pumping station and isolated the containment piping. Dana employees placed sorbents around the piping. Two hours after the discovery of the release, Respondent's environmental contractor arrived. The contractor vacuumed the free liquids and flushed the storm drain. Approximately 8,000 gallons of the oil mixture and flushing fluids were recovered in the vacuum truck. These fluids were transported to Dana's onsite wastewater treatment plant. The contractor also removed contaminated soils. Absorbent pads were placed at the end of the storm drain and changed as necessary until the pads showed no more contamination.

11. Respondent's discharge of oil, on September 14, 2004, caused a sheen upon or discoloration of or caused a sludge or emulsion to be deposited beneath the waters of Black Branch Creek, and, therefore, was in a quantity that has been determined may be harmful under 40 C.F.R § 110.3, in violation of Section 311(b)(3) of the Act.

Waiver of Rights

12. Respondent waives the right to contest the allegations contained herein, to a hearing under Section 311(b)(6)(B)(I) of the Act, 33 U.S.C. § 1321(b)(6)(B)(I), and to appeal any Final Order accompanying the Consent Agreement in this matter pursuant to Section 311(b)(6)(G)(I) of the Act, 33 U.S.C. § 1321(b)(6)(G)(I), and consents to the issuance of a Final Order without further adjudication.

13. Respondent waives any right it may have pursuant to 40 C.F.R. § 22.8 to be present during any discussions with, or to be served with and reply to, any memorandum or communication addressed to EPA officials where the purpose of such discussion, memorandum or communication is to persuade such official to accept and issue this Consent Agreement and the Final Order.

Penalty

14. The Complainant proposes, and Respondent consents to, the assessment of a civil penalty of **\$0.00**.

General Provisions

15. The Final Order shall be binding upon Respondent and Respondent's officers, directors, agents, servants, employees, and successors or assigns.

16. resolves only Respondent's liability for federal civil penalties for the violations and facts stipulated to and alleged herein.
