Region 4

In the Matter of:

**BLUEGRASS CONTRACTING  
CORPORATION,**

Respondent.

Docket No. **CWA-04-2021-0506(b)**

**CONSENT AGREEMENT**

**I. NATURE OF ACTION**

1. This is an administrative penalty assessment proceeding brought under Section 309(g)(2)(B)] of the Clean Water Act, 33 U.S.C. § 1319(g)(2)(B), (CWA or the Act) and Sections 22.13(b) and 22.18 of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules), as codified at Title 40 of the Code of Federal Regulations (C.F.R.), Part 22.
2. This Consent Agreement and the attached Final Order shall collectively be referred to as the CAFO.
3. Having found that settlement is consistent with the provisions and objectives of the Act and applicable regulations, the Parties have agreed to settle this action pursuant to 40 C.F.R. § 22.18 and consent to the entry of this CAFO without adjudication of any issues of law or fact herein.

**II. PARTIES**

4. Complainant is the Director of the Enforcement and Compliance Assurance Division of the United States Environmental Protection Agency (EPA), Region 4, who has been delegated the authority on behalf of the Administrator of the EPA to enter into this CAFO pursuant to 40 C.F.R. Part 22 and Section 309(g)(2)(B) of the CWA.
5. Respondent is **BLUEGRASS CONTRACTING CORPORATION**, (Respondent), a corporation formed under the laws of the Commonwealth of Kentucky doing business in the Commonwealth of Kentucky.

**III. GOVERNING LAW**

6. To accomplish the objective of the CWA, defined in Section 101(a) of the CWA, 33 U.S.C. § 1251(a), to restore and maintain the chemical, physical and biological integrity of the nation's waters, Section 301(a) of the CWA, 33 U.S.C. § 1311(a), prohibits the discharge of pollutants by any person into waters of the United States except as in compliance with a permit issued under, *inter alia*, Section 404 of the CWA, 33 U.S.C. § 1344. Section 404 of the CWA authorizes the

Secretary of the Army, acting through the Chief of Engineers, U.S. Army Corps of Engineers (COE), to issue permits for the discharge of dredged or fill material into navigable waters.

7. Section 502(12) of the CWA, 33 U.S.C. § 1362(12), defines a “discharge of pollutants” as “[a]ny addition of any pollutant to navigable waters from any point source . . . .”
8. Section 502(14) of the CWA, 33 U.S.C. § 1362(14), defines “point source” as “[a]ny discernible, confined and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit [or] discrete fissure . . . from which pollutants are or may be discharged.”
9. Section 502(7) of the CWA, 33 U.S.C. § 1362(7), defines “navigable waters” as “[t]he waters of the United States, including the territorial seas.”
10. Pursuant to Section 309(g)(1) of the CWA, 33 U.S.C. § 1319(g)(1), and 40 C.F.R. § 22.38(b), the Complainant represents that the Commonwealth of Kentucky was provided a prior opportunity to consult with the Complainant regarding this matter.
11. Pursuant to Section 309(g)(4)(A) of the CWA, 33 U.S.C. § 1319(g)(4)(A), and 40 C.F.R. § 22.45, Complainant will provide public notice of and reasonable opportunity to comment on the proposed issuance of this CAFO prior to issuance of the Final Order.

#### **IV. EPA’s FINDINGS OF FACTS**

12. The term “Discharge Area” means the jurisdictional waters that have been impacted either through the discharge of dredged and/or fill material as a result of the unauthorized activities that are the subject of this enforcement action. More specifically, the Discharge Area is located on and near property owned by Mr. Virgil Warren at 2713 Brooks Hill Road, near Brooks, Bullitt County, Kentucky 40109, near latitude 38.060098° N and longitude -85.738917° (the Site) and includes 9,083 linear feet of an unnamed intermittent tributary of Bluelick Creek and approximately 41 linear feet of Bluelick Creek. The discharge of the dredged and/or fill material occurred as a result of the disposal at the Site of concrete slurry from a Kentucky road project for which Respondent was the prime contractor. The Discharge Area is depicted on the enclosed Exhibits A and B.
13. The term “Site” means the parcel or parcels of land on which the Discharge Area is located.
14. Commencing on or about March 24, 2019, to April 8, 2019, Wagman Heavy Civil, Inc. (“Wagman”), a subcontractor of Respondent acting pursuant to its subcontract with Respondent, disposed of approximately 205,000 gallons of concrete slurry material at the Site from approximately 41 tanker trucks. Upon disposal at the Site, the slurry then flowed down the slope and, after flowing briefly through an ephemeral channel, entered the unnamed intermittent tributary at the base of the fill slope, ultimately impacting approximately 9,083 linear feet of the unnamed intermittent tributary and approximately 41 linear feet of Blue Lick Creek, resulting in the discharge of such concrete slurry into the Discharge Area. The slurry was generated as a result of Wagman’s grinding/grooving work at the Kentucky road project under Wagman’s subcontract with Respondent.

15. Bluelick Creek is a perennial tributary of Floyds Fork. Floyds Fork flows approximately 3.2 miles to the Salt River, a traditionally navigable water of the United States.

## **V. ALLEGED VIOLATIONS**

16. At all times relevant to this action, Respondent is a “person” within the meaning of Section 502(5) of the CWA, 33 U.S.C. § 1362(5).
17. The discharged concrete slurry material deposited at the Discharge Area contains “pollutants” as defined under the CWA § 502(6); 33 U.S.C. § 1362(6).
18. Fill material means material placed in waters of the United States where the material has the effect of replacing any portion of a water of the United States with dry land; or changing the bottom elevation of any portion of a water of the United States.” 40 C.F.R. § 232.2. The concrete slurry material discharged into the Discharge Area constitutes fill material, the discharge of which requires a permit issued under Section 404 of the CWA, 33 U.S.C. § 1344
19. The truck/tanker equipment employed by the Respondent’s subcontractor Wagman to deposit the concrete slurry at the Property is a “point source” as defined in Section 502(14) of the CWA, 33 U.S.C. § 1362(14).
20. The discharge of the fill material into the Discharge Area by Respondent’s subcontractor constitutes a “discharge of pollutants” as defined under the CWA § 502(12), 33 U.S.C. § 1362(12).
21. At no time during the discharge of fill material at the Discharge Area from March 24, 2019 to April 8, 2019 did the Respondent or its subcontractor possess a permit under Section 404 of the CWA, 33 U.S.C. § 1344, authorizing the activities performed by Respondent’s subcontractor.
22. Respondent, as prime contractor, directed selection of the Site for disposal of concrete slurry. Therefore, the Respondent has violated Section 301 of the CWA, 33 U.S.C. § 1311, by discharging pollutants into navigable waters without a permit. Respondent claims that its selection of the Site was made with the agreement of the Kentucky Transportation Cabinet.
23. Each discharge by the Respondent or its subcontractor, of pollutants into navigable waters without the required permit issued under Section 404 of the CWA, 33 U.S.C. § 1344, is a violation of Section 301(a) of the CWA, 33 U.S.C. § 1311(a).
24. Each day the material discharged by the Respondent or its subcontractor remained in waters of the United States without the required permit under Section 404 of the CWA, 33 U.S.C. § 1344, constitutes a day of violation of Section 301 of the CWA, 33 U.S.C. § 1311.

40. Nothing in this CAFO shall relieve Respondent of the duty to comply with all applicable provisions of the Act and other federal, state, or local laws or statutes, nor shall it restrict EPA's authority to seek compliance with any applicable laws or regulations, nor shall it be construed to be a ruling on, or determination of, any issue related to any federal, state, or local permit, except as expressly provided herein.

41. Nothing herein shall be construed to limit the power of EPA to undertake any action against Respondent or any person in response to conditions that may present an imminent and substantial endangerment as provided under the Act.

If such false or inaccurate material was provided, EPA reserves the right to assess and collect any and all civil penalties for any violation described herein. EPA shall give Respondent notice of its intent to revoke, which shall not be effective until received by Respondent in writing.
50. Unless specifically stated otherwise in this CAFO, each party shall bear its own attorney's fees, costs, and disbursements incurred in this proceeding.

51. It is the intent of the parties that the provisions of this CAFO are severable. If any provision or authority of this CAFO or the application of this CAFO to any party or circumstances is held by any judicial or administrative authority to be invalid or unenforceable, the application of such provisions to other parties or circumstances and the remainder of the CAFO shall remain in force and shall not be affected thereby.
