CONSENT AGREEMENT AND FINAL ORDER

I. Nature of the Action

1. This is a civil penalty proceeding pursuant to Section 325 of the Emergency Planning and Community Right-to-Know Act (EPCRA), 42 U.S.C. § 11045, and pursuant to the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules), codified at 40 C.F.R. Part 22. Complainant is the Director of the Air, Pesticides and Toxics Management Division, Region 4, United States Environmental Protection Agency (EPA). Respondent is Anitox Corporation.

2. The authority to take action under Section 325 of EPCRA, 42 U.S.C. § 11045, is vested in the Administrator of EPA. The Administrator of EPA has delegated this authority under EPCRA to the Regional Administrators by EPA Delegation 22-3-A, dated May 11, 1994. The Regional Administrator, Region 4, has redelegated this authority to the Director, Air, Pesticides and Toxics Management Division, by EPA Region 4 Delegation 22-3-A, dated November 8, 1994. Pursuant to that delegation, the Director of the Air, Pesticides and Toxics Management Division has the authority to commence an enforcement action as the Complainant in this matter.

3. Complainant and Respondent have conferred for the purpose of settlement pursuant to 40 C.F.R. § 22.18 and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without the taking of any evidence or testimony, the making of any argument, or the adjudication of any issue in this matter, and in accordance with 40 C.F.R. §§ 22.13(b) and 22.18(b), this Consent Agreement and Final Order (CAFO) will simultaneously commence and conclude this matter.

II. Preliminary Statements

4. Respondent is Anitox Corporation, a company doing business in the State of Georgia.

5. Respondent is a "person" as defined in Section 329(7) of EPCRA, 42 U.S.C. § 11049(7).

7. Respondent's facility is located at 1055 Progress Circle, Lawrenceville, Georgia.

III. EPA's Allegations of Violations

Violations of Section 313 of EPCRA

8. Section 313 of EPCRA, 42 U.S.C. § 11023, and 40 C.F.R. §§ 372.22 and 372.30, require the owner or operator of a facility that (a) has 10 or more full-time employees; (b) is in a Standard Industrial Classification (SIC) major group or industry listed in 40 C.F.R. § 372.23(a) for which the corresponding North American Industry Classification System (NAICS) subsector and industry codes are listed in 40 C.F.R. §§ 372.23(b) and 372.23(c); and (c) manufactured, processed, or otherwise used a toxic chemical listed in Section 313(c) and 40 C.F.R. § 372.65, in excess of an applicable threshold quantity established under EPCRA Section 313(f) and set forth in 40 C.F.R. § 372.25, during the calendar year, to complete and submit a toxic chemical release inventory reporting Form R (EPA Form 9350-1) to the Administrator of EPA and to the State in which the facility is located, by July 1 for the preceding calendar year for each toxic chemical known by the owner or operator to be manufactured, processed, or otherwise used in quantities exceeding the established threshold quantity during the preceding calendar year.

9. As set forth at EPCRA Section 313(f) and 40 C.F.R. § 372.25, the reporting threshold amount for a toxic chemical manufactured or processed at a facility is 25,000 pounds per calendar year. The reporting threshold for a toxic chemical otherwise used at a facility is 10,000 pounds.

11. Respondent's facility is classified under SIC code 2879 and the NAICS code 325320.

12. Respondent's facility is classified in a covered SIC code as described at 40 C.F.R. § 372.22 and in a covered NAICS code as described at 40 C.F.R. § 372.23.

13. Ammonia, formaldehyde, and methanol are toxic chemicals listed under EPCRA Section 313(c) and 40 C.F.R. § 372.65.

14. Respondent's facility processed ammonia, formaldehyde, and methanol, toxic chemicals listed under EPCRA Section 313(c) and 40 C.F.R. § 372.65, in excess of the 25,000 pound threshold quantity established under EPCRA Section 313(f) and 40 C.F.R. § 372.25, during calendar years 2011 and 2009.

15. Respondent failed to submit a Form R for each of the chemicals, ammonia, formaldehyde, and methanol to the Administrator of EPA and to the official designated by the

Governor of the State of Georgia by July 1 of the required reporting years.

16. Respondent violated the reporting requirements of Section 313 of EPCRA, 42 U.S.C. § 11023, at its facility for calendar years 2011 and 2009, and is therefore subject to the assessment of penalties under Section 325 of EPCRA, 42 U.S.C. § 11045.

17. Pursuant to Section 325(c) of EPCRA, 42 U.S.C. § 11045(c), and 40 C.F.R. Part 19, EPA may assess a civil penalty of not more than \$37,500 for each violation of Section 313 that occurred after January 12, 2009. Each day a violation of Section 313 continues constitutes a separate violation. Civil penalties under Section 325(c) of EPCRA, 42 U.S.C. § 11045(c), may be assessed by an Administrative Order.

Violations of Section 312 of EPCRA

18. Section 312 of EPCRA, 42 U.S.C. § 11022, and the regulations found at 40 C.F.R. Part 370, provide that the owner or operator of a facility that is required to prepare or have available a Material Safety Data Sheet (MSDS) for hazardous chemicals under the Occupational Safety and Health Act of 1970 (OSHA) and regulations promulgated under that Act, shall submit to the Local Emergency Planning Committee (LEPC), the State Emergency Response Commission (SERC), and the fire department with jurisdiction over the facility, on or before March 1 annually, a completed emergency and hazardous chemical inventory form (Tier I or Tier II) as described in 40 C.F.R. Part 370, containing the information required by that part for hazardous chemicals present at the facility at any one time in the calendar year in amounts equal to or greater than 10,000 pounds and containing the information required by that part for extremely hazardous substances (EHS) present at the facility at any one time in amounts equal to or greater than the threshold planning quantity (TPQ) or 500 pounds, whichever is less.

19. At some time during the calendar years of 2011 and 2010, ammonia was present at the facility in an amount equal to or greater than 500 pounds.

20. Ammonia is a "hazardous chemical" as defined under Section 329(5) of EPCRA, 42 U.S.C. § 11049(5) and 40 C.F.R. § 355.61, and is an "extremely hazardous substance" as defined under Section 329(3) of EPCRA, 42 U.S.C. § 11049(3), and 40 C.F.R. § 355.61, for which Respondent is required to prepare or have available an MSDS under OSHA at its facility. Ammonia is also listed as an extremely hazardous substance in 40 C.F.R. Part 355, Appendices A and B.

21. Respondent failed to submit a completed Emergency and Hazardous Chemical Inventory Form for ammonia to the SERC, the LEPC, and fire department with jurisdiction over the facility for calendar years 2011 and 2010 by March 1 of the following year.

22. Respondent violated the reporting requirements of Section 312 of EPCRA, 42 U.S.C. § 11022, at its facility for calendar years 2011 and 2010, and is therefore subject to the assessment of civil penalties under Section 325 of EPCRA, 42 U.S.C. § 11045.

23. Pursuant to Section 325(c) of EPCRA, 42 U.S.C. § 11045(c), and 40 C.F.R. Part

19, EPA may assess a civil penalty of not more than \$37,500 for each violation of EPCRA Section 312 that occurred on or after January 12, 2009. Each day a violation of EPCRA Section 312 continues constitutes a separate violation. Civil penalties under Section 325(c) of EPCRA, 42 U.S.C. § 11045(c), may be assessed by Administrative Order.

IV. Consent Agreement

24. For the purposes of this CAFO, Respondent admits the jurisdictional allegations set out above but neither admits nor denies the factual allegations set out above.

26. Respondent consents to the assessment of and agrees to pay the civil penalty as set forth in this CAFO.

28. Respondent certifies that as of the date of its execution of this CAFO, it is in compliance with all relevant requirements of EPCRA at the facility.

29. Compliance with this CAFO shall resolve the allegations of violations contained herein. This CAFO shall not otherwise affect any liability of Respondent to the United States other than as expressed herein. Neither EPA nor Complainant waives any right to bring an enforcement action against Respondent for a violation of any federal or state statute, regulation or permit, to initiate an action for imminent and substantial endangerment, or to pursue criminal enforcement.

30. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of EPCRA.

36. Respondent certifies that neither it, nor, to the best of its knowledge, the recipient of the Emergency Planning and Preparedness SEP, is a party to any open federal financial assistance transaction that is funding or could be used to fund the same activity as the SEP. Respondent further certifies that, to the best of its knowledge and belief after reasonable inquiry, there is no such open federal financial transaction that is funding or could be used to fund the same activity as the SEP, nor has the same activity been described in an unsuccessful federal financial assistance transaction proposal submitted to EPA within two years of the date of this settlement (unless the project was barred from funding as statutorily ineligible). For the purposes of this certification, the term "open federal financial assistance transaction" refers to a grant, cooperative agreement, loan, federally-guaranteed loan guarantee, or other mechanism for providing federal financial assistance whose financial performance period has not yet expired.

37. Respondent has obtained and presented to EPA a separate written Certification from the recipient of the SEP, the Gwinnett County Fire Department, stating that it is not a party to any open federal financial assistance transaction as stated in paragraph 36.

Upon request, Respondent shall send EPA any additional documentation requested by EPA.

39. Respondent agrees that in order to receive credit for the SEP, it must fully and timely complete the SEP project in accordance with Paragraph 35. If Respondent does not fully and timely complete the SEP, it shall be required to pay stipulated penalties pursuant to Paragraph 40.

40. If Respondent fails to timely and fully complete any part of the SEP, including failure to spend the minimum amount of EIGHTY EIGHT THOUSAND ONE HUNDRED EIGHTEEN DOLLARS (\$88,118), Respondent shall pay to the United States a stipulated penalty of the difference between \$88,118 and the actual SEP amount.

41. For purposes of paragraph 40, the determination whether Respondent has fully and timely completed the SEP shall be in the sole discretion of EPA.

42. If Respondent fails to timely submit a SEP Completion Report as required by this CAFO, Respondent shall pay to the United States a stipulated penalty of \$100 for each calendar day that the report is late.

43. Respondent certifies that, as of the date this CAFO is signed, it is not required to perform any part of the SEP by any federal, state or local law, regulation, permit or order, or by any agreement or grant. Respondent further certifies that, as of this date, it has not received and is not negotiating to receive, credit for any part of the SEP in any other enforcement action of any kind.

44. Any public statement, oral or written, by Respondent making any reference to the SEP shall include the following language:

45. Respondent shall pay any stipulated penalties that accrue under this CAFO within 15 calendar days of the receipt by Respondent of written demand from EPA for such penalties. Such penalties shall be paid in accordance with the procedures set forth in the written demand from EPA.

46. For Federal Income Tax purposes, Respondent agrees that it will neither capitalize into inventory or basis nor deduct any costs or expenditures incurred in performing the SEP.

47. Pursuant to 31 U.S.C. § 3717, EPA is entitled to assess interest and penalties on debts owed to the United States and a charge to cover the cost of processing and handling a delinquent claim. Interest will therefore begin to accrue on the civil penalty from the effective date of this CAFO if the penalty is not paid by the date required. Interest will be assessed at the rate established by the Secretary of Treasury pursuant to 31 U.S.C. § 3717. A charge will be assessed to cover the costs of debt collection, including processing and handling costs and attorney fees. In addition, a penalty charge will be assessed on any portion of the debt that remains delinquent more than ninety (90) days after payment is due.

48. Complainant and Respondent shall bear their own costs and attorney fees in this matter.

49. This CAFO shall be binding upon the Respondent, its successors and assigns.

50. The following individual is authorized to receive service for EPA in this proceeding:
