CONSENT AGREEMENT

Pursuant to the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders, and the Revocation, Termination or Suspension of Permits ("Consolidated Rules of Practice" or "Part 22"), specifically Subpart I, published at 64 Fed. Reg. 40138 (July 23, 1999) and the delegated authority of the Administrator of the U.S. Environmental Protection Agency ("EPA") under Part C of the Safe Drinking Water Act ("SDWA" or "the Act"), 42 U.S.C. § 1421, et seq., the EPA, as Complainant, hereby enters into the following Consent Agreement and Final Order ("CA/FO") with Kelcas Well Services, Ltd. ("Respondent").

ALLEGATIONS

The parties hereby stipulate and find as follows:

1. Respondent is a limited company organized under the laws of Delaware with a principal place of business in Owensboro, Kentucky. The date of organization is August 28, 1990, and Wilhelm Lilliehook is listed as its President.

2. Respondent is a "person" as that term is defined in Section 1401(12) of the SDWA, 42 U.S.C. Section 300f(12) and 40 CFR § 144.3.

3. Respondent owns and/or operates the following injection well:

<u>EPA ID No.</u>	<u>Well</u>	<u>Status</u>
KYS1010324(KYA0010)	Steinkamp and Kolb #5-WI	Temporarily Abandoned

4. This well constitutes a "facility" as that term is defined in 40 CFR § 144.3.

5. Therefore Respondent is subject to the jurisdiction of the SDWA and its implementing regulations.

6. The subject injection well is authorized under the Underground Injection Control (“UIC”) Permit #KYA0010, in accordance with 40 CFR Part 144, Subpart D. The permit was issued and became effective on July 26, 1985.

7. The following facts and violations are alleged:

a. VIOLATION 1:

- (1) Part II, Section F(3) requires that, after a cessation of operation of two (2) years, the owner or operator of a rule-authorized well shall plug and abandon the well in accordance with an EPA-approved plugging and abandonment plan unless owner/operator provides notice to the Regional Administrator and describes actions or procedures, satisfactory to the Regional Administrator, that the owner or operator will take to ensure that the well will not endanger underground sources of drinking water (“USDW”) during the period of temporary abandonment. These actions and procedures shall include compliance with the technical requirements applicable to active injection wells unless waived by the Regional Administrator.
- (2) On November 22, 2006, EPA sent to the Respondent an Information Request pursuant to Section 1445 of the SDWA, 42 U.S.C. § 300j-4. During review of the response to that request, EPA discovered that the subject injection well had been temporarily abandoned.
- (3) Respondent’s injection well has not been operated for a period exceeding two (2) years and the last demonstration of mechanical integrity was June 11, 2002.
- (4) On February 21, 2007, a mechanical integrity test (“MIT”) was conducted on the subject injection well. The MIT failed. On April 24, 2007, EPA sent a letter to Respondent in notification of the failure. The Respondent was given thirty (30) days from receipt of the letter to plug and abandon or remediate and retest the well.
- (5) Respondent is in violation of 40 CFR § 144.51(a) and, therefore, the SDWA for failure to comply with Part II, Section F(3) of the permit.

8. On April 6, 2007, and April 20, 2007, EPA conducted Show Cause meetings with the Respondent to discuss the violation.

9. On June 25, 2007, Respondent demonstrated mechanical integrity on the subject injection well.

STIPULATIONS AND FINDINGS

10. Respondent admits the jurisdictional allegations set forth above and neither admits nor denies the facts and findings of violation as alleged herein. Respondent waives any right to a hearing and waives any right to appeal a final order in this matter, and consents to the issuance of a final order without further adjudication.

11. Complainant and Respondent have conferred for the purpose of settlement, pursuant to 40 CFR § 22.18, and desire to resolve this matter and settle the violation[s] described herein without resort to a formal hearing. Therefore, without the taking of any evidence or testimony, the making of an argument, or the adjudication of any issue in this matter, and in accordance with 40 CFR § 22.13(b), this CA/FO will simultaneously commence and conclude this matter.

PENALTY AND INJUNCTIVE RELIEF

Based upon the foregoing, the parties hereby agree and consent to entry of the following order:

12. Respondent shall pay a civil penalty of two thousand dollars (\$2000) in accordance with the terms set forth below.

13. Within 300 days of receipt of a fully-executed copy of this CA/FO, Respondent shall submit a cashier's or certified check, according to the instructions in Paragraph 16 below.

14. Pursuant to Section 1423(c)(7) of the Act, 42 U.S.C. § 300h-2(c)(7), failure by Respondent to pay the penalty assessed by this CA/FO in full by its due date may subject Respondent to a civil action in an appropriate district court to recover the amount assessed (plus costs, attorneys' fees, and interest at currently prevailing rates from the date the order is effective). In such an action, the validity, amount and appropriateness of the penalty shall not be subject to review.

15. Pursuant to 40 CFR Parts 13 and 31 U.S.C. § 3717 *et seq.*, if EPA does not receive payment of the penalty assessed by this CA/FO in full by its due date, interest shall accrue on the unpaid balance from the due date through date of payment at an annual rate equal to the rate of the current value of funds to the United States Treasury as prescribed and published by the Secretary of the Treasury. If all or part of the payment is overdue, EPA will assess a late-payment handling charge of \$15, with an additional delinquent notice charge of \$15 for each subsequent thirty (30) day period. EPA will also assess on a monthly basis a six per cent (6%) per annum penalty on any principal amount not paid within ninety (90) days of the due date.

16. Respondent shall make payments to EPA by sending a certified or cashier's check payable to the "Treasurer, United States of America" at the following address:

U.S. Environmental Protection Agency
Cincinnati Accounting Operations
Mellon Lockbox 371099M
Pittsburgh, PA 15251-7099

Respondent shall note the title and docket number of the case on the penalty payment certified or cashier's check.

- a. For failure to comply with each condition described in Paragraphs 12 through 17 above, Respondent shall pay a stipulated civil penalty according to the following schedule:
 - (1) \$300 for any portion of the first seven calendar days any failure continues; and
 - (2) \$200 per day for each day following the first seven calendar days that the failure continues.

19. Stipulated penalties shall become due and payable no later than thirty (30) days after receipt of demand from EPA. Payment shall be in the form of a certified or cashier's check made payable to the "Treasurer of the United States of America," and sent to the following address:

GENERAL PROVISIONS

21. The provisions of this CA/FO shall be binding upon Respondent, and its officers, directors, agents, servants, employees, and successors or assigns. Notice of this CA/FO shall be given to any successors in interest prior to transfer of the ownership or operational control of the facility.

22. This CA/FO does not constitute a waiver, suspension, or modification of the requirements of Part C of the SDWA, 42 U.S.C. § 1421, *et seq.*, or any regulations promulgated thereunder. This CA/FO is not, and shall not be interpreted to be, a permit for the injection of fluids under Section 1421 of the SDWA, 42 U.S.C. § 300h, nor shall it in any way relieve Respondent of any obligation imposed by any permit issued thereunder, or of Respondent's obligation to comply with any provision of the SDWA, its implementing regulations, or any other local, state or federal law. Nothing contained herein shall be construed to prevent or limit EPA's rights to

obtain penalties or injunctive relief under Section 1423 of the SDWA or other federal statutes and regulations with the exception that EPA will not bring a future civil action against Respondent for the specific claims alleged in this matter.

23. Payment of the penalty agreed to in this CA/FO shall not in any way affect the right of the Agency or the United States to pursue appropriate injunctive or other equitable relief or criminal sanctions for any violations of law. Full payment of the penalty agreed to in this CA/FO resolves only Respondent's liability for federal civil penalties for the violations and facts stipulated herein.

24. For the purposes of state and federal income taxation, Respondent shall not be entitled and agrees not to attempt to claim a deduction for any penalty payment made pursuant to this CA/FO. Any attempt to deduct any such penalty shall constitute a violation of this CA/FO.

25. If any event beyond the control of Respondent, its/their successors or assigns, occurs which causes or may cause a delay in the achievement of any requirement of this CA/FO, Respondent shall notify EPA orally within four (4) days of the time it has knowledge of the occurrence of such event. A written report of said event shall be submitted by certified mail to EPA within ten (10) days of the date Respondent received knowledge of the event. Said report shall describe the violation or failure, its cause and all attendant circumstances, and the measures taken or to be taken to prevent or minimize any such violation or failure and to comply with the pertinent requirements of this CA/FO as soon as possible, and the timetable by which those measures are proposed to be implemented.

26. The burden of proving that any violation or failure is caused by circumstances beyond the control of and without fault of Respondent and the length of the delay attributable to such circumstances shall rest with Respondent. Financial, economic, or business conditions or changes in same, unanticipated or increased costs or expenses, or problems relating to reasonably foreseeable technological infeasibility associated with the implementation of actions called for by this CA/FO, shall not relieve Respondent of any obligation imposed under the terms of this CA/FO, nor from payment of any penalty set forth in this CA/FO. EPA will notify Respondent of its determination that certain circumstances are considered to be beyond Respondent's control and the extension of time, if any, for completion of the affected requirements. Respondent shall waive this right to any extension for failure to provide EPA with written notice as provided herein or for failure to provide adequate proof of the cause of the delay.

27. The parties acknowledge and agree that final approval by EPA of this CA/FO is subject to 40 CFR 22.45(c)(4) which sets forth requirements under which a person not a party to this proceeding may petition to set aside a consent agreement and final order on the basis that material evidence was not considered.

28. Each party shall bear its own costs and attorney's fees in connection with this action.

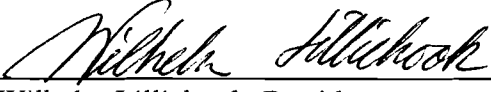

29. If the parties mutually agree to modify the CA/FO, any such modification shall be in writing and signed by the parties, with the written approval of the Regional Judicial Officer.

30. This CA/FO shall become effective upon the date of signature by the Regional Judicial Officer.

31. The undersigned representative of Respondent certifies that he or she is fully authorized to enter into the terms and conditions of this Consent Agreement and to execute and legally bind the Party he or she represents to this Agreement.
