REGION 4  
BEFORE THE ADMINISTRATOR

In the Matter of:

Brent Scarbrough and Company, Inc.

Respondent.

Docket No.  
CAA-04-2018-1753(b)

**CONSENT AGREEMENT**

**A. PRELIMINARY STATEMENT**

1. This is an administrative penalty assessment proceeding brought under Section 113(d) of the Clean Air Act (the "Act"), 42 U.S.C. § 7413(d), and Sections 22.13 and 22.18 of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits ("Consolidated Rules of Practice"), as codified at 40 C.F.R. Part 22.
2. Complainant is the United States Environmental Protection Agency, Region 4 (the "EPA"). On the EPA's behalf, the Director of the Air, Pesticides and Toxics Management Division is delegated the authority to settle civil administrative penalty proceedings under Section 113(d) of the Act.
3. Respondent is Brent Scarbrough and Company, Inc. ("Respondent"). Respondent is a "person" as defined in Section 302(e) of the Act, 42 U.S.C. § 7602(e).
4. Complainant and Respondent, having agreed that settlement of this action is in the public interest, consent to the entry of this consent agreement ("Consent Agreement" or "Agreement") and the attached final order ("Final Order" or "Order") without

adjudication of any issues of law or fact herein, and Respondent agrees to comply with the terms of this Consent Agreement and Final Order.

### **B. JURISDICTION**

5. This Consent Agreement is entered into under Section 113(d) of the Act, as amended, 42 U.S.C. § 7413(d), and the Consolidated Rules of Practice, 40 C.F.R. Part 22.
6. The Regional Judicial Officer is authorized to ratify this Consent Agreement which memorializes a settlement between Complainant and Respondent. 40 C.F.R. § 22.4(b) and 22.18(b).
7. The EPA and the United States Department of Justice jointly determined that this matter, although it involves an alleged violation that occurred more than one year before initiating this proceeding, is appropriate for an administrative penalty assessment. 42 U.S.C. § 7413(d), 40 C.F.R. § 22.13(b).
8. The issuance of this Consent Agreement and attached Final Order simultaneously commences and concludes this proceeding. 40 C.F.R. § 22.13(b).

### **C. GOVERNING LAW**

9. Pursuant to Section 112(I) of the CAA, the EPA delegated the Administrator's authorities and responsibilities to implement and enforce emission standards and prevention requirements for asbestos under Section 112 of the CAA, 42 U.S.C. § 7412, to the State of Georgia. The State has adopted rules for asbestos that are at least or more stringent than EPA's asbestos regulations located at 40 C.F.R. Part 61, Subpart M, promulgated pursuant to Section 112 of the CAA. As indicated in Section 112(I)(7) of the CAA, nothing in Section 112(I) of the CAA shall prohibit the

Administrator from enforcing any applicable emission standard or requirement under Section 112 of the CAA.

10. Asbestos is a “hazardous air pollutant” as that term is defined in Section 112(a) of the CAA, 42 U.S.C. § 7412(a), and is the subject of regulations codified at 40 C.F.R. Part 61, Subpart M, “National Emission Standard for Asbestos,” promulgated pursuant to Section 112 of the CAA, 42 U.S.C. § 7412.
11. A “person” is defined in Section 302 of the CAA, 42 U.S.C. § 7602 as an individual, corporation, partnership, association, state, municipality, political subdivision of a state and any agency, department or instrumentality of the United States and any officer, agent or employee thereof.
12. A “facility” is defined in 40 C.F.R. § 61.141, in part, as any institutional, commercial, public, industrial or residential structure, installation or building (including any structure, installation or building containing condominiums or individual dwelling units operated as a residential cooperative, but excluding residential buildings having four or fewer dwelling units); any ship; and any active or inactive waste disposal site.
13. “Demolition” is defined in 40 C.F.R. § 61.141 as the wrecking or taking out of any load- supporting structural member of a facility together with any related handling operations or the intentional burning of any facility.
14. “Renovation” is defined in 40 C.F.R. § 61.141 as altering a facility or one or more facility components in any way, including the stripping or removal of regulated asbestos-containing material (RACM) from a facility component.
15. An “owner or operator of a demolition or renovation activity” is defined in 40 C.F.R. § 61.141 as any person who owns, leases, operates, controls or supervises the facility

being demolished or renovated or any person who owns, leases, operates, controls or supervises the demolition or renovation operation or both.

16. Since the EPA has delegated the Administrator's authorities and responsibilities for asbestos under Section 112 of the CAA to the State of Georgia, owners or operators of demolition or renovation activity occurring in the State must notify the Georgia Department of Natural Resources, Georgia Environmental Protection Division (Georgia EPD), Lead-Based Paint and Asbestos Program of any such activity pursuant to 40 C.F.R. § 61.145(b).
17. Any person who violates Section 112 of the CAA may be assessed a penalty of up to \$25,000 for each such violation, in accordance with Section 113(d) of the CAA, 42 U.S.C. § 7413(d). Pursuant to the Adjustment of Civil Monetary Penalties for Inflation Rule, as amended through 2018 (40 C.F.R. Part 19), the Agency is required to review and make annual adjustments to penalties, as necessary for inflation. The maximum penalty for each violation occurring after December 6, 2013, and through November 2, 2015, is \$37,500. Each day a violation continues may constitute a separate violation.

#### **D. EPA'S FACTUAL ALLEGATIONS**

18. Respondent is a corporation. Therefore, Respondent meets the definition of a "person" as defined in Section 302 of the CAA, 42 U.S.C. § 7602.
19. The "demolition" occurred from around May 30, 2015, through July 11, 2015, at former student housing buildings (buildings A, B, C and D of Georgia Regents University, now named Augusta University) (the "Facility") located at or near the intersection of Spelman Street and Wrightsboro Road in Augusta, Georgia.

20. At the time of the Demolition, Respondent was the grading, site work, and demolition subcontractor at the Facility and conducted the Demolition following asbestos abatement that was conducted by another subcontractor. Therefore, EPA maintains that Respondent meets the definition of an “owner or operator of a renovation or demolition activity.”
21. The EPA determined Respondent’s compliance through the review of information submitted by the Respondent in response to the EPA’s information request letter sent on August 19, 2015, pursuant to Section 114 of the CAA.
22. Before the Demolition, around 169,600 square feet of RACM was removed from the Facility.
23. Based on the investigation including the information referenced in paragraph 21, the EPA determined and asserts that the Respondent did not provide the State of Georgia with any written notice of intention to demolish the Facility.

#### **E. ALLEGED VIOLATIONS OF LAW**

24. Pursuant to Section 112 of the CAA and 40 C.F.R. § 61.145(b), the owner or operator of a renovation or demolition operation is required to provide the Administrator written notice of intent to demolish or renovate prior to the renovation or demolition.
25. Based on the facts alleged above in Section D, the EPA alleges that Respondent violated Section 112 of the CAA, 42 U.S.C. § 7412, and 40 C.F.R. § 61.145(b) by failing to provide the State of Georgia with written notice of the intention to demolish the Facility.
