**Complainant’s Response to Respondent’s Motion for Extension of Time**

Respondent in its Motion for Extension of Time dated November 10, 2022, requests that its Prehearing Exchange filing be postponed until after February 2023. Respondent’s assertions in its Motion regarding proposed stack emissions testing and possible technology upgrades are immaterial to this proceeding, and thus are not “good cause” bases for an extension. However, Complainant would assent to a 30-day extension to the date Respondent’s Prehearing Exchange is currently due to give the Respondent additional time to submit financial documents originally

requested by the EPA on August 25, 2022, which will be relevant to penalty issues in this matter.

RESPECTFULLY SUBMITTED on November 14, 2022.
