

BEFORE THE
UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

In the Matter of:

JACKSON & SON DISTRIBUTORS, INC.,
dba JACKSON AND SON OIL,

Seaside, Oregon,

Respondent.

DOCKET NO. CWA-10-2025-0023

**RESPONDENT’S UNOPPOSED MOTION
FOR EXTENSION OF TIME**

COMES NOW, Jackson & Son Distributors, Inc., dba Jackson and Son Oil (“Respondent”), by and through its undersigned counsel and pursuant to 40 C.F.R. § 22.7(b), hereby submits this Motion For Extension of Time to respond to Complainant’s Motion for Accelerated Decision on Liability. This motion is unopposed.

40 C.F.R. Part 22 allows this Tribunal to “grant an extension of time for filing any document: upon timely motion of a party to the proceeding, for good cause shown, and after consideration of prejudice to other parties.” 40 C.F.R. § 22.7(b). Respondent seeks a 30-day extension of time – to July 8, 2026, to respond to Complainant’s April 6, 2026, Motion for an Accelerated Decision on Liability, based upon a rescheduled settlement conference with EPA in Seattle.

Undersigned counsel has conferred with EPA’s counsel regarding the requested extension of time. In light of the need to reschedule the settlement conference between the parties, EPA’s counsel indicated that it will not oppose Respondent’s motion for a 30-day extension to respond to EPA’s pending motion, which deadline was previously extended to June 5, 2026, following Respondent’s April 24, 2026, motion and this Tribunal’s April 28, 2026 Order granting such motion.

Extending Respondent's deadline to respond for another 30 days, to July 8, 2026, is in the interests of the parties and judicial economy, and as provided for in 40 C.F.R. § 22.18(b)(1), will enable the parties to engage in settlement negotiations and further settlement of this matter without a formal hearing.

WHEREFORE, for the reasons stated above, Respondent respectfully requests that its request for a 30-day extension to respond to EPA's pending motion, to July 8, 2026, be GRANTED.

Respectfully submitted,

BAKALIAN & ASSOCIATES P.S.
