**Status Report & Request for Extension of Time**

On or about April 10, 2026, this Court Ordered the parties to engage in a settlement conference no later than April 24, 2026, and for the parties to either file a fully-executed Consent Agreement and Final Order no later than May 22, 2026, or proceed with prehearing exchanges.

As directed, the parties held a settlement conference on April 17, 2026. To enable further negotiations and determine Respondent’s ability to pay a penalty, Complainant renewed its request for the Respondent’s financial information related to these proceedings. Respondent indicated that it plans to submit the requested financial information no later than June 1, 2026. Once the initially-requested information is submitted by Respondent, Complainant will provide the information to a third-party contractor to initiate a financial analysis. Additional information may be requested by the contractor to complete its analysis of Respondent’s ability to pay a penalty. Complainant also renewed its request for information from Respondent to resolve an outstanding compliance issue.

As such, Complainant respectfully requests additional time for the parties to continue negotiating an amicable resolution of this matter. Complainant's Initial Prehearing Exchange is currently due May 22, 2026. Complainant requests that this deadline be extended ninety (90) days to August 20, 2026.

RESPECTFULLY SUBMITTED on May 1, 2026, with the consent of Counsel for Respondent.
