In accordance with the Prehearing Order dated December 31, 2020, the United States Environmental Protection Agency hereby submits this report on the status of the parties' efforts to reach an amicable resolution in this matter. In compliance with the Prehearing Order, the parties, through counsel, engaged in a settlement conference on January 11, 2021 but did not reach a resolution. Although the parties understand that they must prepare for hearing and shall strictly comply with the requirements of the Prehearing Order, the parties recognize that the benefits of a negotiated settlement far outweigh the uncertainty, time, and expense associated with a litigated proceeding and are not opposed to settlement. As such, the parties intend to continue their efforts to reach a negotiated settlement.

Dated this 22nd day of January 2021.

Respectfully submitted,

/s/ Caitlin M. Soden
