ORDER ON COMPLAINANT'S MOTION TO
SUPPLEMENT PREHEARING EXCHANGE

By Motion dated March 18, 2009, Complainant moved to supplement its prehearing exchange to add two additional documents.¹ The Motion indicated that Respondent did not object to granting the relief sought.

The Motion is hereby, GRANTED, as set forth below:

Good cause exists for the granting of the Motion: Complainant submitted its initial prehearing exchange in this case in a timely manner; the Motion indicates that the documents were publically accessible at all times; Respondent will suffer no prejudice as a result of the inclusion of the supplemental documents and has, in fact, consented to their addition; and the hearing of this matter is not scheduled to begin until June 2009, three months from now. Rule 22.19(f), of the Consolidated Rules of Practice (40 C.F.R. § 22.19(f)) permits just this type of supplementation. Therefore, the Complainant's Motion is well-founded.

¹ Complainant's Motion and the documents attached thereto appear to be double-sided. While this Tribunal certainly understands the Agency's strong desire to save paper, double-sided filings are not helpful in that if they are bound in the record at the top, it becomes utterly frustrating to constantly turn the file to read them, and pages are often lost in duplication. Therefore, the parties are request to submit only single-sided filings.
