ORDER EXTENDING STAY

The Complaint in this case was served on Respondent on October 19, 2009. Since that time, the parties have been engaged in settlement discussions and prehearing motion practice. Since January 28, 2010, the proceedings have been stayed pending the execution of a Consent Agreement and Final Order ("CAFO"). The current stay expires on April 6, 2010. During a conference call on April 5, 2010, the parties stated that they have reached a settlement-in-principle, but verbally requested additional time to finalize a complex Supplemental Environmental Project ("SEP"). According to the parties, an additional forty five (45) days are necessary to develop an acceptable SEP and execute a CAFO.

Based on the parties' joint representations, the request for extension is **GRANTED**. The case and all pending motions are stayed until May 21, 2010, while the parties draft the final settlement document. Complainant is directed to file a Status Report by that same date. As this case has been pending without a prehearing order for nearly six months, the parties should be prepared to begin the prehearing exchange process after May 21, 2010.<sup>1</sup> Should no settlement be finalized by that date, Complainant must be prepared to submit its prehearing exchange by June 18, 2010.

<sup>1</sup> A Prehearing Order and ruling on the pending motions will be issued upon the expiration of the stay.
