Thank you, Niamh, for this acknowledgement of receipt (and also for acknowledging receipt of the NOITS).

As we mentioned when we spoke earlier, please do let us know whether or not you receive the Data Evaluation Record (DER) transmittal email after it works its way through your email security. If the transmission ends up being unsuccessful due to the size of the attached zip file (~70 MB), I am happy to spread the files across multiple messages to you; if preferred, the DERs are also scheduled to be uploaded to the [DCPA Federal Register docket](#) tomorrow, April 28, 2022. Just so you have them, I have attached the two transmittal memoranda for the DERs, which were included in my previous message.

Sincerely,
James Douglass
