Subject: Technical Chlorthal Dimethyl (EPA Reg. No. 5481-495)
Resubmission of Label Amendment to Terminate Uses per FR notice (FRL-7726-5, 27 Jul 05)

Dear Ms. Ondish:

This application to amend labeling for the subject technical grade product is a *resubmission* of a similar application submitted May 10, 2017. Various Agency personnel reviewed and commented on the previously submitted labeling, but the application was ultimately denied due to miscommunication and lack of progress. After reconstructing the trail of email communications, we believe the labeling enclosed with this resubmission incorporates all of the Agency's comments and adequately addresses the subject Termination order.

In support of this application, please find the following documents enclosed:

- Application for Registration form (EPA Form 8570-1, dated 23-May-2019)
- One copy of proposed labeling (Ref. No. 495-20190523)
- One copy of proposed labeling highlighting changes to currently approved labeling (Ref. No. 495-20190523 REDLINE)
- Reference copy of original application (Ref. date 10-May-2017)
- Reference copy of EPA denial of application (Ref. date 23-Jul-2018)

If you need additional information, please do not hesitate to contact me at 949-221-6109 or email jonw@amvac.com. Thank you for your patience and further consideration of this action.

Best Regards,
