Hi Jordan,

As described in the email below, the attached proposed labeling for Technical Chlorthal Dimethyl [Reg. No. [5481-495](#)] was sent via email 19-May-2017 to Kay as [replacement](#) for the labeling submitted 10-May-2017. I have also attached a scan of the complete May 10 submission of label code 495-20170510 that was to be *replaced* with label code 495-20170519.

I hope this is clear, but please don't hesitate to contact me if you need further clarification.

Best regards,

Jon

Hi Kay,

As follow-up to our call today, please consider the attached labels (Ref. code 495-20170519) as *replacements* for the labels submitted 10-May-2017 (Ref. 495-20170510). I believe we addressed all of the Agency's concerns but please let me know if anything has been overlooked. Thank you for the productive meeting today!

Best regards,

Jon

See attached redline and clean label for the subject Technical label. I have replaced the previous restrictive language with Jill's more extensive language.

Thank you,

Kaila
