Dear Rodrigo,

Please provide me an update on your RRP renovator certification.

The RRP renovator certification can be obtained by attending a RRP renovator initial training. Below is the trainer in Anchorage that provide this training:

Wisdom and Associates - (907) 283-0629)

Subject: Lead RRP Firm Application Signed - Initial - R593445

Rodrigo A. von Marees,

Your application for EPA Lead-Based Paint Firm Certification has been signed and will be reviewed by EPA. The review will take about two to three weeks; once it is complete, you will receive an approval package including your certificate by email from lead.paint@epa.gov. To ensure the approval email arrives in your inbox and not your spam folder, please add lead.paint@epa.gov to your contacts. A receipt for your fee payment is attached to this email.

You can check the status of your application online, and when it is approved, you can download a copy of your certificate and even retrieve your customized lead program logo online. To access this service go to EPA's E-Enterprise Portal (<https://e-enterprise.gov>), sign-in using your CDX username and password, choose "allow" access, then scroll to the bottom of the following page and you'll see your application information in the "progress tracker" section.

If you have any questions about your firm certification, please contact the National Lead Information Center at 1-800-424-LEAD (5323) and refer to Application ID number R593445.

Thank you,
US Environmental Protection Agency
