Thank you Jill. I will keep you copied on future correspondence.

Hello Dr. King,

I look forward to working with you on the DCPA Registration Review. As requested the protocol for the "Single/Repeat Exposure Dose Range Finding Comparative Thyroid and Thyroid Hormone Toxicity Study in Young Adult and 7 Day Old Juvenile CD Rats by Oral Gavage" is attached for your reference.

Please do not hesitate to contact me if you have any questions.

Best regards,
Julie

Dear Julie,

The registration review of DCPA has been re-assigned to Dr. Marquea King, who recently joined our Branch. Dr. King is a toxicologist with a strong regulatory background and will surely be an asset. I am still the registration review Team Leader within the Branch, so you can copy me on anything you send Dr. King, and I will do my best to provide her with the necessary background on earlier considerations of DCPA. Dr. King's contact info:

Thanks for forwarding the protocols, etc. for the hormone methods. Our toxicologist also is requesting an electronic copy of the main protocol:

Single/Repeat Exposure Dose Range Finding Comparative Thyroid and Thyroid Hormone Toxicity Study in Young Adult and 7 Day Old Juvenile CD Rats by Oral Gavage

Can you provide this as well? Thanks.

Jill
