I. **Introduction**

Complainant, the Director, Land and Chemical Division, Region 5, United States Environmental Protection Agency (U.S. EPA, Complainant or Agency), pursuant to 40 C.F.R. §§ 22.16(b) and 22.14(c) of the *Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits* (Consolidated Rules or Rules), files this Complainant's Motion for Leave to Amend the Complaint (Complainant's Motion) seeking to remove the paragraphs of the Complaint that allege violations of FIFRA Section 12(a)(1)(E), 7 U.S.C. 136j(a)(1)(E), and Complainant's Response to Motion of Respondent to Partially Dismiss the Complaint or in the Alternative for Partial Accelerated Decision on an Issue of Liability in Favor of Respondent with Respect to the Alleged Violations of § 12(a)(1)(E) of FIFRA (hereinafter Complainant's Response). For the reasons set forth below and in the interest of judicial economy, Complainant's motion should

be GRANTED and Respondent's motion should be DENIED AS MOOT.

II. Background

On May 14, 2010, the U.S. EPA filed a civil administrative complaint against Liphatech, Inc. (Respondent or Liphatech) in the above captioned matter. The Complaint alleges that Liphatech violated the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), 7 U.S.C. § 136 *et seq.* on 2,231 separate occasions. The Complaint alleges, *inter alia*, that on at least 91 separate occasions, Respondent violated Section 12(a)(1)(B) of FIFRA, 7 U.S.C. § 136j(a)(1)(B) and additionally or in the alternative Section 12(a)(1)(E) of FIFRA, 7 U.S.C. § 136j(a)(1)(E).¹ On June 11, 2010, Respondent filed its Answer.

On September 16, 2010, Respondent filed two motions. In addition to the Motion of Respondent to Partially Dismiss the Complaint or in the Alternative for Partial Accelerated Decision on an Issue of Liability in Favor of Respondent with Respect to the Alleged Violations of § 12(a)(1)(E) of FIFRA (hereinafter Respondent's Motion), Respondent filed its Motion of Respondent for Partial Accelerated Decision on Issue of Liability in Favor of Respondent with Respect to the Alleged Violations of § 12(a)(2)(E) of FIFRA Set Forth in Counts 1-2,117 of the Complaint (hereinafter Respondent's Second Motion for Partial Accelerated Decision). Complainant will address Respondent's Second Motion for Partial Accelerated Decision in a separate document.

III. Complainant's Motion should be GRANTED for the Purpose of Judicial Economy

In counts 2,141 through 2,231 of the Complaint, Complainant alleges that Liphatech violated Section 12(a)(1)(B) of FIFRA, 7 U.S.C. § 136j(a)(1)(B), on 91 separate occasions by the

¹ In addition to the allegations noted here, the Complaint alleges that the Respondent violated Section 12(a)(2)(E), 7 U.S.C. § 136j(a)(2)(E), on at least 2,140 separate occasions by advertising its restricted use product Rozol, EPA Reg. No. 7173-244, without providing in the advertisement the pesticide's classification. These violations are unaffected by the instant Motion and Response.

sale or distribution of a pesticide with claims made for the product as part of distribution or sale that substantially differed from the claims approved in the product's registration under Section 3 of FIFRA, 7 U.S.C. § 136a. The Complaint also alleges that the same sales or distributions "additionally or in the alternative," violated Section 12(a)(1)(E) of FIFRA, 7 U.S.C. § 136j(a)(1)(E). This alternative pleading does not alter the number of counts alleged in the Complaint nor does it alter the penalty that was calculated in this enforcement matter. See Complainant's Initial Prehearing Exchange², Complainant's Exhibit 55a and 55b. Therefore, excising the paragraphs of the Complaint that reference 12(a)(1)(E) of FIFRA, 7 U.S.C. § 136j(a)(1)(E), will have minimal impact on the overall enforcement case against Liphatech. It will, however, streamline the presentation of each parties' case at hearing.

Complainant understands that Respondent wishes to "simplify this case and conserve the resources of this tribunal and the parties." See Respondent's Motion at 18. Complainant agrees that when possible, the parties should streamline the issues at hand for the benefit of the Court and the parties. Therefore, Complainant is filing this Complainant's Motion to simplify the case as requested by Respondent. It should be noted, however, that Complainant's Motion should not in any way be construed to mean that Complainant agrees with the arguments made by Respondent in Respondent's Motion.

The Consolidated Rules provide that a Complaint may be amended after the Answer has been filed upon motion granted by the Presiding Officer. 40 C.F.R. §22.14(c). "While no standard is provided in the Rules for determining whether to grant an amendment, the general rule is that administrative pleadings are 'liberally construed and easily amended.'" *In re Scranton Prods., Inc., et al.*, Docket No. CAA-03-20080004, 2008 EPA ALI LEXIS 16, at *2 (ALI, April 3, 2006) (quoting *In re Port of Oakland and Great Lakes Dredge and Dock*

² Complainant filed its Initial Prehearing Exchange on September 28, 2010.

Co., 4 E.A.D. 170, 205 (EAB 1992)). Absent a showing that the proposed amendment is brought in bad faith or for dilatory purposes, results in undue delay or prejudice to the opposing party, or would be futile, leave to amend should be granted. *Id.* at *2-3 (citing *Foman v. Davis*, 371 U.S. 178, 18182 (1962)).

Because Complainant seeks leave to amend the Complaint to remove paragraphs of the Complaint that allege violations of Section 12(a)(1)(E) of FIFRA, 7 U.S.C. § 136j(a)(1)(E), there is no prejudice to Respondent. *See id.* at *3. Furthermore, Complainant's Motion is not the product of undue delay, bad faith, or dilatory motive.

IV. Proposed First Amended Complaint

Complainant has attached a proposed First Amended Complaint (Attachment A) with the proposed following amendments:

A. Complainant proposes to amend the language of the following paragraphs: 7, 12, 16, 148, 151, 157, 160, 163, 166, 169, 172, 175, 178, 181, 184, 187, 190, 193, 196, 201, 204, 277, 280, 283, 286, 289, 292, 295, 298, 301, 304, 307, 310, 313, 316, 319, 322, 325, 328, 337, 473, 477, 481, 485, 489, 493, 497, 501, 505, 509, 513, 517, 521, 525, 529, 533, 537, 541, 545, 549, 553, 557, 561, 565, 569, 573, 577, 581, 585, 589, 593, 597, 601, 605, 609, 613, 617, 621, 625, 629, 633, 637, 641, 645, and 647.³ Complainant proposes to retain the paragraph numbers in the Amended Complaint because Respondent's Answer tracks the paragraphs listed in the original Complaint. To minimize confusion, Complainant proposes to simply amend each affected paragraph by replacing the language of each paragraph with the following language:

“PARAGRAPH IN THE ORIGINAL COMPLAINT REMOVED IN AMENDED COMPLAINT.”

³ All of these paragraphs were listed by Respondent in Respondent's Motion, Exhibit A, Paragraph I. The only paragraph that Complainant does not move for leave to amend but that was listed by Respondent in its motion is paragraph 208 of the Complaint.

B. Complainant proposes to amend the language of the following paragraphs to remove the reference to Section 12(a)(1)(E) of FIFRA, 7 U.S.C. § 136j(a)(1)(E): 474, 478, 482, 486, 490, 494, 498, 502, 506, 510, 514, 518, 522, 526, 530, 534, 538, 542, 546, 550, 554, 558, 562, 566, 570, 574, 578, 582, 586, 590, 594, 598, 602, 606, 610, 614, 618, 622, 626, 630, 634, 638, 642, 684.⁴ Complainant proposes to simply replace each listed original paragraph with the following language: "Respondent's violation of Section 12(a)(1)(B) of FIFRA, 7 U.S.C. § 136j(a)(1)(B) subjects Respondent to the issuance of an Administrative Complaint assessing a civil penalty under Section 14(a) of FIFRA, 7 U.S.C. § 1361(a). [PORTION OF THE SENTENCE IN THE ORIGINAL COMPLAINT REMOVED IN THE AMENDED COMPLAINT.]"

On September 15, 2010, Complaint filed Complainant's Motion For Leave To Amend Complaint To Reduce Proposed Penalty. The attached proposed First Amended Complaint also proposes language in paragraph 649 to reduce the penalty, should the Court grant Complainant's Motion For Leave To Amend Complaint To Reduce Proposed Penalty as follows:

"Economic Benefit: REDUCED TO ZERO IN AMENDED COMPLAINT

Total proposed civil penalty\$2,891,200"

V. Respondent's Motion is MOOT

If the Court grants Complainant's Motion for Leave to Amend the Complaint as discussed above, the allegations that Respondent violated Section 12(a)(1)(E) of FIFRA, 7 U.S.C. § 136j(a)(1)(E), will no longer be at issue in this matter. As this is substantively the relief that Respondent requested, Respondent's Motion should be DENIED AS MOOT.

⁴ All of these paragraphs were listed by Respondent in its Respondent's Motion, Exhibit A, Paragraph II.

First Amended Complaint

1. This is an administrative proceeding to assess a civil penalty under Section 14(a) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), 7 U.S.C. § 136l(a).
2. The Complainant is, by lawful delegation, the Director of the Land and Chemicals Division, United States Environmental Protection Agency (EPA), Region 5.
3. The Respondent is Liphatech, Inc. (Liphatech), 3600 West Elm Street, Milwaukee, Wisconsin 53209, a corporation doing business in the State of Wisconsin.

Statutory and Regulatory Background

4. Section 3(c)(1)(C), 7 U.S.C. § 136a(c)(1)(C), states that each applicant for registration of a pesticide shall file with the Administrator a statement which includes a complete copy of the labeling of the pesticides, a statement of all claims to be made for it, and any directions for its use.
5. Section 3(d)(1)(C) of FIFRA, 7 U.S.C. § 136a(d)(1)(C), states the Administrator of EPA may classify a pesticide as “restricted use” if the Administrator determines that the pesticide, when applied in accordance with its directions for use, warnings and cautions and for the uses for which it is registered, or for one or more of such uses, or in accordance with a widespread and commonly recognized practice, may generally cause, without additional

regulatory restrictions, unreasonable adverse effects on the environment, including injury to the applicator. *See* also 40 C.F.R. §§ 152.170, 171 and 175.

6. Section 12(a)(1)(B) of FIFRA, 7 U.S.C. § 136j(a)(1)(B), states that it is unlawful for any person to distribute or sell to any person any registered pesticide if any claims made for it as a part of its distribution or sale substantially differ from any claims made for it as a part of the statement required with its registration under Section 3 of FIFRA, 7 U.S.C. § 136a.

7. PARAGRAPH IN THE ORIGINAL COMPLAINT REMOVED IN AMENDED COMPLAINT.

8. Section 12(a)(2)(E) of FIFRA, 7 U.S.C. § 136j(a)(2)(E), states that it is unlawful for any person who is a registrant, wholesaler, dealer, retailer, or other distributor to advertise a product registered under FIFRA for restricted use without giving the classification of the product assigned to it under Section 3 of FIFRA, 7 U.S.C. § 136a.

9. Section 13(a) of FIFRA, 7 U.S.C. § 136k(a), states whenever any pesticide is found by the Administrator in any State and there is reason to believe on the basis of inspection that such pesticide is in violation of any of the provisions of FIFRA, or that such pesticide has been or is intended to be distributed or sold in violation of any provision of FIFRA, the Administrator may issue a written or printed “stop sale, use, or removal” order (SSURO) to any person who owns, controls, or has custody of such pesticide, and after receipt of such order no person shall sell, use, or remove the pesticide described in the order except in accordance with the provisions of the order.

10. Section 24(c) of FIFRA, 7 U.S.C. § 136v(c), states, in pertinent part, that a State may provide registration for additional uses of federally registered pesticides formulated for distribution and use within that State to meet special local needs in accord with the purposes of

FIFRA. Such registration shall be deemed registration under Section 3 of FIFRA, 7 U.S.C. § 136a, but shall authorize distribution and use only within such State. *See* also 40 C.F.R. § 162.153.

11. 40 C.F.R. § 152.168 states in pertinent part, as follows:

- (a) Any product classified for restricted use shall not be advertised unless the advertisement contains a statement of its restricted use classification.
- (b) The requirement in paragraph (a) applies to all advertisements of the product, including, but not limited, to:
 - (1) Brochures, pamphlets, circulars and similar material offered to purchasers at the point of sale or by direct mail.
 - (2) Newspapers, magazines, newsletters and other material in circulation or available to the public.
 - (3) Broadcast media such as radio and television.
 - (4) Telephone advertising.
 - (5) Billboards and posters.
- (c) The requirement may be satisfied for printed material by inclusion of the statement "Restricted Use Pesticide" or the terms of restriction, prominently in the advertisement. The requirement may be satisfied with respect to broadcast or telephone advertising by inclusion in the broadcast of the spoken words "Restricted use pesticide" or a statement of the terms of restriction.

12. PARAGRAPH IN THE ORIGINAL COMPLAINT REMOVED IN AMENDED COMPLAINT.

13. 40 C.F.R. § 168.22 states, in pertinent part, that Section 12(a)(1)(A) and (B) of FIFRA makes it unlawful for any person to “offer for sale” any pesticide if it is unregistered, or if claims made for it as part of its distribution or sale differ substantially from any claim made for it as part of the statement required in connection with its registration under FIFRA Section 3. EPA interprets this provision as extending to advertisements in any advertising medium to which pesticide users or the general public have access.

14. The term “person” as defined in Section 2(s) of FIFRA, 7 U.S.C. § 136(s), “means any individual, partnership, association, corporation, or any organized group of persons whether incorporated or not.”

15. The term “distribute or sell” is defined in Section 2(gg) of FIFRA, 7 U.S.C. § 136(gg), and 40 C.F.R. § 152.3 as “to distribute, sell, offer for sale, hold for distribution, hold for shipment, or receive and (having so received) deliver or offer to deliver.”

16. PARAGRAPH IN THE ORIGINAL COMPLAINT REMOVED IN AMENDED COMPLAINT.

17. The term “labeling” is defined in Section 2(p)(2) of FIFRA, 7 U.S.C. § 136(p)(2), in pertinent part, as all labels and all other written, printed, or graphic matter.

18. The term “pest” is defined in Section 2(t) of FIFRA, 7 U.S.C. § 136(t), in pertinent part, “as any insect, rodent, nematode, fungus, weed, or any other form of terrestrial or aquatic plant or animal life or virus, bacteria, or other micro-organism....” See also 40 C.F.R. §152.5(c).

19. The term “pesticide” is defined at Section 2(u) of FIFRA, 7 U.S.C. § 136(u), and 40 C.F.R. § 152.3, in pertinent part, as “any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any pest.”

20. The term “registrant” is defined at Section 2(y) of FIFRA, 7 U.S.C. § 136(y), as a person who has registered any pesticide pursuant to the provisions of FIFRA.

21. The Administrator of EPA may assess a civil penalty against any registrant, commercial applicator, wholesaler, dealer, retailer, other distributor who violates any provision of FIFRA of up to \$6,500 for each offense that occurred after March 15, 2004 through January 12, 2009 and up to \$7,500 for each offense that occurred after January 12, 2009, pursuant to Section 14(a)(1) of FIFRA, 7 U.S.C. § 136l(a)(1), and 40 C.F.R. Part 19.
