LHP, LLC)
130 N. 27th Street, #6)
Lincoln, Nebraska)

Respondent)

Docket No. TSCA-07-2014-0029

COMPLAINANT'S REBUTTAL PREHEARING EXCHANGE

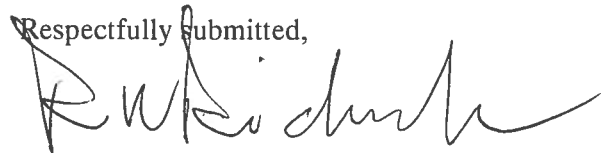

Comes now Complainant United States Environmental Protection Agency, Region 7 (EPA or Complainant), and in response to the Prehearing Order issued in this matter, respectfully submits Complainant's Rebuttal Prehearing Exchange.

Complainant's witness Ms. Candace Bednar will testify as to how the penalty proposed in the Complaint was calculated, and offer her opinion regarding the appropriateness of the penalty proposed in the Complaint. As such, Ms. Bednar will be testifying akin to an expert witness.

Accordingly, Complainant provides the following exhibit:

CX 46: Curriculum Vitae for Ms. Candace Bednar

Respectfully submitted,

Robert W. Richards, Attorney
Office of Regional Counsel
U.S. Environmental Protection Agency
11201 Renner Boulevard
Lenexa, Kansas 66219

Candace Bednar

Work Experience

Life Scientist**March 2011 – present****U.S. Environmental Protection Agency**

- Serves as the case review officer within the Toxic Substances Control Act lead-based paint program. Reviews lead-based paint inspection reports, evidence and other pertinent information to determine compliance with federal lead-based paint regulatory requirements.
- Develops informal and formal penalty proposals and provides expert consultation to supporting attorneys.
- Works collaboratively with state, local and other federal programs and staff on technically complex lead-based paint regulatory and policy issues.
- Participates and leads teams tasked with the development of regional and national lead-based paint policies, guidance and projects as they relate to enforcement and compliance assistance.
- Plans and implements outreach and compliance assistance programs related to lead-based paint regulations, policies and guidelines for the general public and regulated community.
- Provides technical information on environmental and regulatory issues related to lead based paint to individuals, other EPA staff and management, regulated entities, and other federal, local and state agencies.
- Inspects regulated entities for compliance. Creates inspection guidance, plans, forms and protocols. Assists and supports other inspectors during the inspection process and with inspection report creation.

Environmental Specialist**January 2000–March 2011****Missouri Department of Natural Resources**

- Served as an enforcement case review officer for the Hazardous Waste Program and Solid Waste Program. Reviewed inspection reports, evidence and other pertinent information to determine compliance with regulatory requirements.
- Managed multiple high profile enforcement cases.
- Created informal and formal penalty proposals and provided expert consultation to supporting attorneys.
- Worked collaboratively with state, local and other federal programs and staff on technically complex hazardous and solid waste regulatory and policy issues.
- Participated and led workgroups tasked with the development of state policies, guidance and projects as they relate to enforcement and compliance assistance.

- Developed and implemented outreach and compliance assistance programs related to environmental regulations, policies and guidelines for the general public and regulated community. Developed a hazardous waste electronic newsletter that was well respected throughout the state.
- Routinely conveyed technical information to the public and regulated entities in an easy to understand manner.
