**STATUS REPORT**

COMES NOW the Complainant, United States Environmental Protection Agency Region 7  
(Complainant or EPA) and avers as follows:

1. In her order of February 6, 2013, Administrative Law Judge Susan L. Biro granted Complainant's unopposed Motion for a Stay in Proceedings, in which Complainant had requested a ninety-day stay in the instant matter for the reasons stated therein.

2. ALJ Biro also ordered the parties to submit Status Reports regarding the progress of the settlement discussions among the Missouri Department of Natural Resources, TNT General

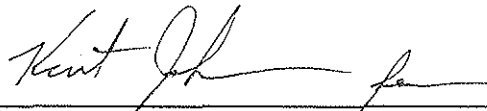

Contracting, Inc. and the Gary and Carol Trump Trust.

3. The Complainant, through discussions with counsel for TNT and counsel for MDNR, understands that settlement discussions are ongoing.

4. Complainant reports that its contractor, Industrial Economics, is currently tasked with performing an ability to pay determination on Webb Minerals, LLC, and is also compiling a list of what materials MDNR may need to complete an ability to pay determination on TNT. The EPA has agreed to share the list with MDNR.

5. As of the date of this Status Report, Complainant has no further information.

Respectfully submitted,

---
