Input/View Energy Use

Location: Miami Lakes, FL - Cordis Neurovascular

To submit data for the Energy Report, please select the most recent year available. To view any previously submitted data in a "read-only" format, simply select the year in question (Note: You will not be able to edit this data over the Internet). If you find any previously submitted data to be in error, please [contact us](#).

Select Reporting Year:

Instructions

Location Information

Building Area:	<input type="text" value="58444"/>	Sqft	J&J Employees:	<input type="text" value="200"/>
Electric Supplier:	<input type="text" value="Florida Power & Light (FP&L)"/>			
Currency:	<input type="text" value="US Dollars"/>	Exchange Rate:	<input type="text" value="1"/>	

Energy Use

Resource Type	Usage Quantity	Unit Type	Usage Cost	Unit Cos
Electric	<input type="text" value="02665910"/>	kWh	<input type="text" value="0272871"/>	<input type="text" value="0.1024"/>
<input type="text"/>	<input type="text" value="0"/>		<input type="text" value="0"/>	<input type="text" value="0"/>
<input type="text"/>	<input type="text" value="0"/>		<input type="text" value="0"/>	<input type="text" value="0"/>
<input type="text"/>	<input type="text" value="0"/>		<input type="text" value="0"/>	<input type="text" value="0"/>
<input type="text"/>	<input type="text" value="0"/>		<input type="text" value="0"/>	<input type="text" value="0"/>
<input type="text"/>	<input type="text" value="0"/>		<input type="text" value="0"/>	<input type="text" value="0"/>
Total Fuel <i>(calculated)</i>	<input type="text" value="0"/>	Therms	<input type="text" value="0"/>	<input type="text" value="0"/>

Additional Electric Information

Maximum Electric Demand(kW):	<input type="text" value="525"/>
Avg. Demand(kW) <i>(calculated)</i>	<input type="text" value="304.33"/>
Load Factor <i>(calculated)</i>	<input type="text" value="0.58"/>

Process

Process Index:	<input type="text" value="200553"/>
----------------	-------------------------------------

Comments

The 2006 process index included was reported by operations (contact: Barbara Derr) .
