RE: SECTION 8(e) NOTICE OF SUBSTANTIAL RISK  
CHEMICAL CODE NUMBER 1604 - Sensitization Study

Information has recently been brought to the attention of Arch Chemicals, Inc. which it considers subject to TSCA (e) Notice of Substantial Risk reporting guidelines.

We have received preliminary results from a Magnusson-Kligman Sensitization assay conducted with our product Chemical Code Number 1604. Skin reactions were observed in five experimental animals in response to a 20% challenge concentration. No skin reactions were seen in the control animals. These reactions are considered to be indicative of contact hypersensitivity to the product, Chemical Code Number 1604.

The following description of the product is to be considered CONFIDENTIAL. (A sanitized copy of this transmittal is enclosed.)

Chemical Code Number 1604 consists of a mixture of the following:

[REDACTED]

RECEIVED  
TOXIC  
9/13/99 13:01:18

Since these results were unexpected, Arch Chemicals is submitting them to you in accordance with Section 8(e) of the Toxic Substances Control Act. A copy of the final report will be forwarded to you upon receipt from the laboratory.

Sincerely yours,

*Garrett B. Schifilliti*
