Dear Ms. Wedge:

In response to your letter of July 1, 1986 concerning anthroquinone dyes, we reviewed those listed in groups IR-485 and IR-486.

Our business relates only to one dye on these lists, Solvent Violet 13. Between June of 1985 and July of 1986, we imported 2,200 lbs.

The dye is sealed in drums until delivered to a manufacturer of ABS resin.

To our belief, the dye is then used to colour ABS resin from which it cannot be extracted.

Yours truly,

William G. Wright
President
