Rockville, Maryland 20852

Dear Roberta:

Per our recent phone conversation, the ITC has just completed a screening exercise of possible candidate chemicals for TSCA Section 4 consideration. Three of the chemicals are listed on the 1977 inventory as being produced by Monsanto. The ITC would like to have updated production information on the materials before proceeding.

Production details about the chemicals are listed as follows, per your request.

<u>CAS No.</u>	<u>Chemical Name</u>	<u>Production Details*</u>
107-13-1	Acrylonitrile	<u>1977 Volume</u> Texas City, TX 100-500M Chocolate Bayou, TX 100-500M  <u>1985 Volume</u> Texas City, TX - No longer a Monsanto facility. Now owned by Sterling Chemicals, Inc. Chocolate Bayou, TX 100-500M
298-06-6	o,o-Diethyl Phosphorodithioate	<u>1977 Volume</u> Anniston, AL 1-10M  <u>1985 Volume</u> Anniston, AL 10-50M (low end of range)

Note: Production of this material terminated mid-1986. Monsanto has no future plans to manufacture the material.

RECEIVED  
OPT CBI  
94 JUL 14 AM 9:23

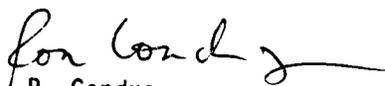

<u>CAS No.</u>	<u>Chemical Name</u>	<u>Production Details*</u>
756-80-9	o,o-Dimethyl Phosphorodithioate	<u>1977 Volume</u> Anniston, AL 10-50M (low end of range)  <u>1985 Volume</u> Anniston, AL 1-10M

Note: Production of this material terminated mid-1986. Monsanto has no future plans to manufacture the material.

\*Volume information in million lbs. per year ranges per TSCA inventory categories.

I would appreciate being kept informed of ITC's disposition of these materials. I would also appreciate a copy of the ITC scoring details on these three materials, if they are available. Monsanto would be happy to provide additional information to ITC or its contractors regarding these materials.

Sincerely,

  
J. R. Condray  
Director, Regulatory Management  
Toxic Substances
