TSCA 8(e) Submission - NAMET (Sodium dimethyldithiocarbamate)

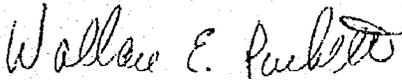

Dear Sir/Madam:

Buckman Laboratories International Inc. (Buckman) on behalf of Buckman Laboratories, Inc. submits the attached incident report in accordance with Section 8(e) of the Toxic Substances Control Act (TSCA) and EPA's statement of Interpretation and Enforcement Policy, 43 Fed. Reg. 11110 (March 16, 1978).

If you have any questions, please do not hesitate to contact me.

Sincerely,

BUCKMAN LABORATORIES INTERNATIONAL, INC.

Wallace E. Puckett, Ph. D.
Vice - President Research and Development

TSCA 8(e) Submission - NAMET (Sodium dimethyldithiocarbamate)

Dear Sir/Madam:

Mr. Richard W. Lutey, II, Buckman Laboratories, Inc. provides the following summary.

On 12/22/1999 Buckman Laboratories, Inc. (Buckman) received a telephone call from the Indiana Department of Environmental Management (IDEM). RWLutey II, Buckman Director of Product Stewardship, managed the contact from Mitt Denny (IDEM).

IDEM informed Buckman that;

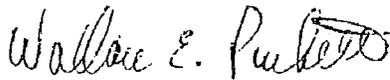

- A fish kill had occurred in the White River, downstream from Anderson, Indiana.
- A company discharging to the POTW at Anderson had used a product from Ulrich Chemical (HMP2000) for treatment of metal plating effluent.
- It was IDEM's understanding that HMP 2000 consisted of a product manufactured by Buckman.

It is Buckman's belief that this information has previously been submitted to the EPA's Office of Pollution Prevention and Toxics, however, in an abundance of caution Buckman Laboratories hereby submits this report under the provisions of TSCA 8(e)

If you have any questions, please do not hesitate to contact me.

Sincerely,

BUCKMAN LABORATORIES INTERNATIONAL, INC.

Wallace E. Puckett, Ph. D.
Vice - President Research and Development
