Re: Documents ID: ~~8EHQ-0494-12970~~ and
8EHQ-0494-12985

Gentlemen:

In response to your letter of November 17, 1994, we advise you as follows with respect to both of the substances referenced above namely: Trifluoroacetyl chloride (CAS 354-32-5) and 1, 1, 3, 3-Tetrabromo-1, 2, 2, 3-tetrafluoropropane (99%) (CAS 36567-29-0) {Report Name: QC-81}.

This corporation handles and utilizes the above referenced substances in accordance with precautions applicable to chemical substances which may present substantial danger to human health and to the environment. The safety measures observed by the corporation with respect to these substances include hermetic handling, appropriate labeling, appropriate MSDS, appropriate employee training, air monitoring within the workplace, the provision of emergency equipment and training, including self contained breathing apparatus. This corporation believes that in its handling of these substances, it complies with all OSHA regulations and all laws and regulations of all other applicable government bodies.

Very truly yours,

Louis L. Ferstandig
