Subject: TSCA Section 8(e) Submission

Dear Sir/Madam:

Elf Atochem North America, Inc. (Elf Atochem) has received preliminary results of skin and eye irritation studies in rabbits and is submitting the results of these studies to the Environmental Protection Agency (EPA) pursuant to Toxic Substances Control Act (TSCA) Section 8(e). These studies provide information on succinic acid peroxide (CAS Registry Number 123-23-9) and do not involve effects in humans. The reports for these studies have not been finalized at this time. The titles of the study reports are *A Primary Skin Irritation Study in Rabbits With Succinic Acid Peroxide* and *A Primary Eye Irritation Study in Rabbits With Succinic Acid Peroxide*.

Nothing in this letter is considered confidential business information of Elf Atochem.

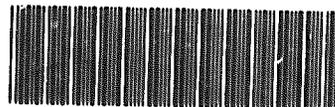

Under the conditions of the studies, succinic acid peroxide was corrosive to rabbit eyes and skin.

Results from the study reports will be incorporated into the Elf Atochem Material Safety Data Sheet for this material. A copy of each full report will be forwarded to the Agency when available.

Further questions regarding this submission may be directed to me at (215) 419-5890.

Sincerely,

Debra Randall, DABT  
Product Safety Manager
