RE: 8EHQ-0492-5142s

Dear Section 8(e) Coordinator:

This letter responds to the Agency's request that 3V substantiate its confidentiality claims for a TSCA section 8(e) submission (Ref#: 8EHQ-0492-5142s) filed on April 6, 1992. The information claimed as confidential in this submission related to the identity of the submitting company and the trade name of the tested substance.

After careful review of 3V's earlier request for confidential treatment of business sensitive information, and with the stated goal of trying to minimize the amount of health and safety related information claimed as confidential, we have decided that it is no longer necessary for EPA to maintain as confidential any information contained in the TSCA section 8(e) submissions.

Please let me know if you have any further questions about this matter.

Sincerely,

John Centioni
Executive Vice President of
Engineering and New Development
