I have received a letter requesting the chemical composition of our product, Accelerator DY 073, that was the subject of the TSCA 8(e) submission referenced above.

The composition is as follows:

Dibutyl phthalate, CAS reg. no. 84-74-2, 50%  
Tributyl amine, CAS reg. no. 102-82-9, 32.2%  
Phenol, CAS reg. no. 108-95-2, 16.8%

Very truly yours,

Jonas Weiss  
Director, Product Safety
