

QUESTION: What is the status of Appendix A to SW-846 titled "Sampling and Analysis Methods for Hazardous Waste Incineration"?

ANSWER: "Sampling and Analysis Methods for Hazardous Waste Incineration" will not be issued as Appendix A to SW-846. Rather, it will be incorporated throughout the document as appropriate. The proposed changes are currently in Red Border review. It is anticipated that the changes will be available through NTIS. Contact David Friedman at 382-4770 for more information.
