

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
WASHINGTON, D.C. 20460

OFFICE OF  
SOLID WASTE AND EMERGENCY  
RESPONSE

February 26, 2008

Mr. Ron Eugene Neal  
#769053  
Daniel Unit  
938 South F.M. 1673  
Synder, Texas 79549

Enclosed please find information on Federal regulations for municipal solid waste landfills. The two EPA publications described the current Federal regulations. Also enclosed is a Biocycle article that discusses municipal landfills (see page 6 of 7). Waste News maintains a listing of the 10 largest municipal solid waste landfills and largest landfills by State. I have enclosed the listing of the top 10 largest landfills in the country and some of the state inventories. All of the inventories are available on the web at [http://www.wastenews.com/rankings/landfills\\_st2006.html](http://www.wastenews.com/rankings/landfills_st2006.html).

Information on municipal landfills within individual states can be found by contacting the Association of State and Territorial Solid Waste Management Officials (ASTSWMO). ASTSWMO is an organization supporting the environmental agencies of the States and trust territories. ASTSWMO focuses on the needs of State hazardous waste programs; non-hazardous municipal solid waste and industrial waste programs; sustainability, recycling, waste minimization, and reduction programs; Superfund and State cleanup programs; waste management and cleanup activities at federal facilities; and underground storage tank and leaking underground storage tank programs.

Association of State and Territorial Solid Waste Management Officials (ASTSWMO)  
444 North Capitol St., NW Suite 315  
Washington, DC. 20001

ASTSWMO maintains a listing on their individual State solid waste contacts on their web-site at: [http://www.astswmo.org/resources\\_stateagencylinks.htm](http://www.astswmo.org/resources_stateagencylinks.htm).
