

Public Notice  
Proposed Revision of the Clean Air Act Permit Program (Title V) Permit to  
TC Industries, Inc., Crystal Lake

TC Industries, Inc., has requested significant modification to the Clean Air Act Permit Program (CAAPP) permit issued by the Illinois Environmental Protection Agency (Illinois EPA) for its heat treating and steel fabrication facility located at 3703 South Route 31 in Crystal Lake. The permit would be modified to remove a limitation on sulfur dioxide emissions. The permit will be enforceable by the United States Environmental Protection Agency, as well as the Illinois EPA. The beginning of this public comment period also serves as the beginning date of the USEPA 45 day review period, provided the USEPA does not seek a separate proposed period. This permit may contain terms and conditions established pursuant to Title I of the federal Clean Air Act thereby making it a combined CAAPP and Title I permit. The Illinois EPA is accepting comments on the proposed modification.

Persons wanting more information may obtain copies of the draft permit and project summary at [www.epa.gov/region5/air/permits/ilonline.htm](http://www.epa.gov/region5/air/permits/ilonline.htm) (please look under All Permit Records, Title V, Significant Modification) or at the Illinois EPA's offices at Illinois EPA's offices at 9511 West Harrison in Des Plaines, 847/294-4000 (please call ahead to assure that someone will be available to assist you) and 1340 North Ninth St., Springfield, 217/782-7027. Copies of the documents will be made available upon request.

Comments are requested on the proposed issuance of the permit. Comments must be postmarked by midnight March 16, 2001. If sufficient interest is expressed in a permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
