

Illinois Environmental Protection Agency

Public Notice

Proposed Issuance of a Joint Construction and Operating Permit to
Tarantula Ventures, LLC in Elk Grove Village

Tarantula Ventures, LLC, 1212 New York Avenue, NW, Suite 900, Washington D.C., 20005, has applied for a permit from the Illinois Environmental Protection Agency (Illinois EPA) to construct and operate equipment consisting of thirty-two back-up diesel generators, eight natural gas-fired boilers and one fire pump engine at its facility located at 2200 South Busse Road in Elk Grove Village. The project would not be a major new source of air emissions as defined by the federal Prevention of Significant Deterioration (PSD) rules, 40 CFR 52.21 or the state rules for Major Stationary Sources Construction and Modification (MSSCAM), 35 IAC 203. Based on its review of the application, the Illinois EPA has made a preliminary determination that this project will comply with the applicable environmental regulations and has prepared a draft permit for public review.

The Illinois EPA is accepting comments prior to making a final decision on the application for this project. **Comments must be postmarked by midnight January 2, 2008.** If sufficient interest is expressed in this matter, a hearing may be held. Comments, questions and requests for information, should be directed to Brad Frost, Bureau of Air, Illinois EPA, P. O. Box 19506, Springfield, IL 62794-9506, phone 217/782-2113, TDD 217/782-9143.

Persons wanting more information may view the draft permit and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, State Joint Construction and Operating Permits, New). These documents and the application may also be viewed at the Illinois EPA's offices at 9511 West Harrison in Des Plaines, 847/294-4000 and 1340 N. Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.
