

Illinois Environmental Protection Agency

Notice of Public Comment Period for the
Proposed Revision of a Construction Permit for
Highland Baking Company in Northbrook

Highland Baking Company has applied to the Illinois EPA to revise the construction permit for its bread and roll bakery located at 2301 Shermer Road in Northbrook. The construction permit allows the building of two baking ovens, one tunnel oven and a catalytic oxidizer for emission control of the three ovens. The permit is being revised to incorporate changes to the emission limits, recordkeeping and the catalytic oxidizer's operating temperature. The project would not be a major new source or modification for purposes of the federal rules for Prevention of Significant Deterioration (PSD), 40 CFR 52.21 or the state rules Major Stationary Sources Construction and Modification, 35 Ill. Adm. Code Part 203.

Based on its review of the application, the Illinois EPA has made a preliminary determination that this project will comply with the applicable environmental regulations and has prepared a draft permit for public review.

The Illinois EPA is accepting comments prior to making a final decision on the application for this project. **Comments must be postmarked by midnight October 23, 2010.** If sufficient interest is expressed in this matter, a hearing may be held. Comments, questions and requests for information, should be directed to Brad Frost, Bureau of Air, Illinois EPA, P. O. Box 19506, Springfield, IL 62794-9506, phone 217/782-2113, TDD 217/782-9143.

Persons wanting more information may view the draft permit and project summary at <http://www.epa.gov/reg5oair/permits/ilonline.html>. The repositories for these documents and the application are located at the Illinois EPA's offices at 9511 West Harrison in Des Plaines, 847/294-4000 and 1340 N. Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.
