

Public Notice  
Proposed Issuance of a State Construction Permit to  
the University of Illinois

The University of Illinois has applied to the Illinois Environmental Protection Agency (Illinois EPA) for a construction permit to install two combined cycle turbines at 1117 South Oak Street in Champaign. The turbines would provide electricity to the university. The increase would not constitute a major modification pursuant to the Prevention of Significant Deterioration (PSD) rules, 40 Code of Federal Regulations (CFR) 52.21. The Illinois EPA is accepting comments prior to making a final decision on this project.

Persons wanting more information may obtain copies of the draft permit, and project summary at [www.epa.gov/region5/air/permits/ilonline.htm](http://www.epa.gov/region5/air/permits/ilonline.htm) (please look under All Permit Records, State Construction Permit, New). These documents and the application can also be obtained from the Illinois EPA's offices at 2125 South First Street in Champaign, 217/278-5800 and 1340 North Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

Comments are requested on the proposed issuance of the permit. Comments must be postmarked by midnight August 5, 2001. If sufficient interest is expressed in the permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
