

Illinois Environmental Protection Agency

Notice of Public Comment Period for the
Proposed Issuance of a Construction Permit to
Trinity Structural Towers, Inc. in Clinton

Trinity Structural Towers, Inc. has applied to the Illinois EPA for an air pollution control construction permit to install two new coating lines at its facility located on Route 51 North near Clinton. The project would not be a major new source or modification of air emissions as defined by the federal Prevention of Significant Deterioration (PSD) rules, 40 CFR 52.21. Based on its review of the application, the Illinois EPA has made a preliminary determination that this project will comply with the applicable environmental regulations and has prepared a draft permit for public review.

The Illinois EPA is accepting comments prior to making a final decision on the application for this project. **Comments must be postmarked by midnight February 26, 2009.** If sufficient interest is expressed in this matter, a hearing may be held. Comments, questions and requests for information, should be directed to Brad Frost, Bureau of Air, Illinois EPA, P. O. Box 19506, Springfield, IL 62794-9506, phone 217/782-2113, TDD 217/782-9143.

Persons wanting more information may view the draft permit and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, State Construction Permits, New). These documents and the application may also be viewed at the Illinois EPA's offices at 2125 South First Street in Champaign, 217/278-5800 and 1340 N. Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.
