

Public Notice
of the Proposed Renewal of the Federally Enforceable State Operating Permit (FESOP)
for Forsheda Engineering Seals, Vandalia

Forsheda Engineering Seals has requested that the Illinois Environmental Protection Agency renew the federally enforceable state operating permit (FESOP) issued for air emissions from its rubber molding facility located at 815 Payne Drive in Vandalia. Under the 1990 amendments to the Clean Air Act, the facility is required to obtain a federally enforceable permit for its air emissions. The permit will contain federally enforceable limitations that restrict the facility's emissions to non-major levels. The permit will be enforceable by the USEPA, as well as the Illinois EPA. The Illinois EPA is accepting comments on the permit.

Persons wanting more information may obtain copies of the draft permit, and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look at All Permit Records, FESOP, Renewal). These documents and the application may also be obtained from the Illinois EPA's office at 2009 Mall Street in Collinsville, 618/346-5120 (please call ahead to assure that someone will be available to assist you) and 1340 North Ninth St., Springfield, 217/782-7027. Copies of the documents will be made available upon request.

Comments are requested on the draft permit. Comments must be postmarked by midnight March 2, 2002. If sufficient interest is expressed in a permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
