

Public Notice
of the Proposed Renewal of the Federally Enforceable State Operating Permits
for Videojet Technologies, Inc. in Wood Dale and
Marblecast Products in Wheeling

Videojet Technologies, Inc. has requested that the Illinois Environmental Protection Agency renew the federally enforceable state operating permit (FESOP) for air emissions from its inkjet unit assembly and testing facility located at 1500 Mittel Drive in Wood Dale. Pursuant to the 1990 amendments to the Clean Air Act, the facility is required to have a federally enforceable permit for its air emissions. The permit will contain federally enforceable limitations that restrict the facility's emissions to non-major levels. The permit will be enforceable by the USEPA, as well as the Illinois EPA.

Marblecast Products has requested that the Illinois Environmental Protection Agency renew the federally enforceable state operating permit (FESOP) for air emissions from its gel-coat spray booth and resin mixing plant located at 2211 South Foster Avenue in Wheeling. Pursuant to the 1990 amendments to the Clean Air Act, the facility is required to have a federally enforceable permit for its air emissions. The permit will contain federally enforceable limitations that restrict the facility's emissions to non-major levels. The permit will be enforceable by the USEPA, as well as the Illinois EPA.

The Illinois EPA is accepting comments on the draft permits.

Persons wanting more information may obtain copies of the draft permits, and project summaries at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, FESOP, Renewal).
